MHCP tuition payments and fees are collected exclusively through the Brightwheel app. Families pay tuition and fees online, manage all payments in one place, and view statements. The tuition payment date is the first of each month. Tuition is collected from September through April; your deposit for the 2026-2027 academic year serves as your May 2027 tuition payment. Families will receive a reminder email of the charge approximately five days before the tuition due date and a payment confirmation. Payments can be made by credit card (with a 2.7% service fee) or by ACH.
