HAND CRAFTED FOR ANGLERS

Angler Quest Pontoons offers world-class fishing pontoons designed by anglers, for anglers. Our high-quality pontoons are built with the needs of serious fishermen in mind, providing a stable and comfortable platform for your next fishing adventure.

Angler Quest Pontoons are designed, engineered and manufactured in the United States. Every vessel is hand crafted ensuring quality construction. Built by a small, but mighty team, these boats are meticulously assembled with care to ensure each individual boat is exactly what you expect without sacrifice.

CUSTOM PACKAGES TO MEET YOUR NEEDS

Angler Quest fishing pontoons offer a range of packages designed to help anglers create their ultimate fishing platform. Each package is thoughtfully crafted with fishermen in mind, featuring key upgrades and enhancements to elevate the on-water experience.

NEX GEN TRIPLE TUBE

Additional Reinforcement at the Bow

Kicker Motor Bracket and Integrated Fuel Tank

Aluminum Lateral Nose Cone Reinforcement

Full Width Hat Channels with 0.188" Hat Channels in Stern

The Nex Gen Triple Tube Package, available on the 2025 Angler Quest Pro Family Fish and Pro Troll models, showcases thoughtful engineering to enhance the on-water experience for anglers.

This hull design features 6 fully welded baffles on the outside tubes for added rigidity and durability, complemented by lateral nose cone reinforcements, full-width hat channels, full-length lifting strakes, and full-length "M" Bracket riser design. Each tube is constructed with 0.125" thick aluminum. The 0.188" hat channels in the stern provide additional support, while the integrated kicker motor bracket and fuel tank boost functionality.

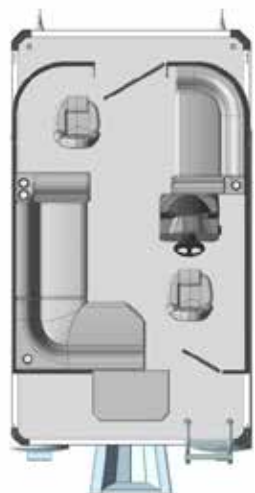

This exclusive package is designed for superior performance and stability, giving anglers a clear advantage whether navigating open waters or fishing in tight spots. This diagram depicts an 8524 chassis, highlighting the robust features crafted to meet the demands of serious fishing enthusiasts.
