

ES500 LED FLEXIBLE STRIPS

DIMMABLE – HIGH POWER LED STRIP LIGHTING

Features

Easy to install Dimmable lighting solution ideal for; Cove Lighting, Architectural Decorative Lighting, Signage, Backlighting, Archway, Edge Lighting, Events, Shows, DIY lighting for the home, or Display Cabinets.

- **3M™** Self-Adhesive tape for an easy install.
- Eco-Friendly-**RoHS** compliant
- **No UV or IR Radiation**
- **No Mercury**
- **Low Power** consumption- Only **1½w/ft**
- Compact for installation in narrow space
- **Long Life 40,000 Hour**- Guaranteed for 5 Years
- **Maintenance Free**
- **Durable**- No brittle parts, Solid State, High Shock/ Vibration Resistance
- Can be cut every 3 LED's for any **Custom Design**

Order Code

Product	Code	Colour	Colour Temp	WARM	Initial Lumens	Rated	Life
ES500WW		WHITE	3000K	3000K	1000		40,000
ES500W		WHITE	6000K	6000K	1200		40,000

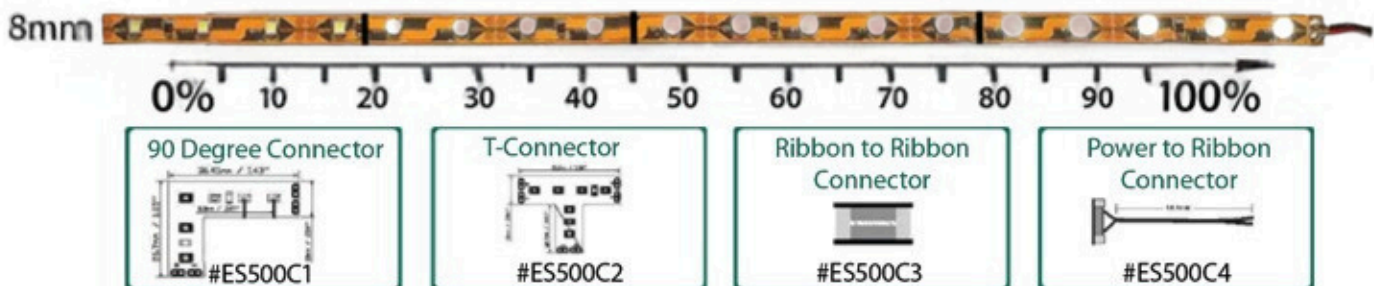

INDOOR USE ONLY

Specifications

Wattage: 1.5w/ft
Dimensions: 5m x 8mm x 2.4mm
Continuous Connection: 10m
Beam Angle: 120°
Light Source: 3528 LED
Rated Life Span: 40,000hrs
Input Voltage: 12V AC
Current: 2000mA
Max Consumption: 24w
Running Temperature: <53° C
Working Temperature: -30~110° C
Storage Temperature: -40~120° C
Light Attenuation Quotient: 3%-5%/1Kh

5Meter Rolls/ Continuous Connection 10 Meters/ Separates Every 3 LED

CAUTION: To avoid the risk of burn or other injury, turn off power and allow the strip lighting to fully cool before attempting to replace. Inspect and replace connections if deterioration has occurred.
