

# ES600 LED FLEXIBLE STRIPS

## DIMMABLE – HIGH POWER

## LED STRIP LIGHTING

### Features

**Easy to install Dimmable** lighting solution ideal for; Cove Lighting, Architectural Decorative Lighting, Signage, Backlighting, Archway, Edge Lighting, Events, Shows, DIY lighting for the home, or Display Cabinets.

- **3M™** Self-Adhesive tape for an easy install.
- Eco-Friendly-**RoHS** compliant
- **No UV or IR Radiation**
- **No Mercury**
- **Low Power** consumption- Only **5.8w/ft**
- Compact for installation in narrow space
- **Long Life 40,000 Hour**- Guaranteed for 5 Years
- **Maintenance Free**
- **Durable**- No brittle parts, Solid State, High Shock/ Vibration Resistance
- Can be cut every 3 LED's for any **Custom Design**

### Order Code

Product	Code	Colour	Colour Temp	WARM	Initial Lumens	Rated	Life
ES600WW		WHITE	3000K	3000K	4080	40,000	
ES600W		COOL WHITE	6000K	6000K	5100	40,000	

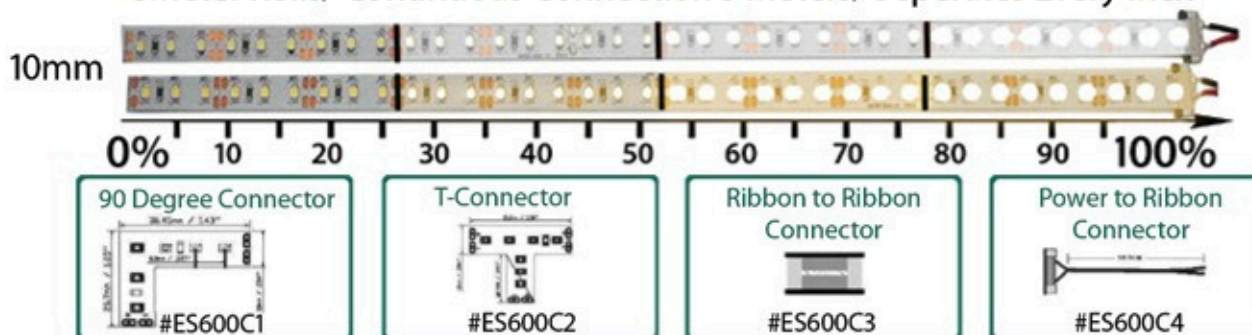

**INDOOR USE ONLY**

### Specifications

**Wattage:** 5.8w/ft  
**Dimensions:** 5m x 10mm x 1.8mm  
**Continuous Connection:** 5m  
**Beam Angle:** 100°  
**Light Source:** 3020 SMD LED  
**Rated Life Span:** 40,000hrs  
**Input Voltage:** 12V AC  
**Current:** 8A  
**Max Consumption:** 96w  
**Running Temperature:** <53° C  
**Working Temperature:** -30~110° C  
**Storage Temperature:** -40~120° C  
**Light Attenuation Quotient:** 3%-5%/1Kh

5Meter Rolls/ Continuous Connection 5 Meters/ Separates Every Inch

**CAUTION:** To avoid the risk of burn or other injury, turn off power and allow the strip lighting to fully cool before attempting to replace. Inspect and replace connections if deterioration has occurred.
