THE PK TEAM AT HER, REALTORS®

Inspired by the hard walks of life and forced to prosper by her unrelenting desire to succeed and a fierce determination to provide for her and her four children, Jen Kostos of HER, REALTORS®, leapt at every opportunity the industry had to offer with the sole intention of supporting her family, and ended up building a career she still adores over 22 years later. Ensuring that her children would never have to struggle the way she had, she furthered those accomplishments in the field and proved that a “sink or swim attitude” is the way to go, which inspired her son and daughter to follow in her footsteps, making this one of the most personal and greatest accomplishments to date; along with raising 4 wonderful children! Jen’s 2 oldest children, Tom Partin and Tiffany Jacobs, have built a Top Producing Real Estate Team in Northeast Ohio, locally known as “The PK Team”.

Jen began her career with a friend’s encouragement. “My friend was a Top Producer in town and I learned a lot from him,” Jen says. With over 90 offices, HER, REALTORS® is spreading like wild-fire, as well as the expansion of their team, which is led by Tom Partin. The Family-owned Team are agents playing at the top of their game; achieving stellar success that is unparalleled.

The majority of the team’s business stems from long lasting relationships and referrals, resulting in multiple transactions with both buyer and seller clients. They pride themselves on delivering excellent customer service! They demonstrate strong ethics and wisdom and believe that nothing beats a positive attitude and colleague relations!
