

# EQUIPMENT RENTAL AGREEMENT

# EQUIPMENT RENTAL AGREEMENT

## RENTER INFORMATION

Renter Name: \_\_\_\_\_

Company Name (if applicable): \_\_\_\_\_

Phone Number: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

Email Address: \_\_\_\_\_

Driver's License / ID #: \_\_\_\_\_

---

## EQUIPMENT INFORMATION

Equipment Being Rented:

---

Make/Model: \_\_\_\_\_

Serial Number / VIN: \_\_\_\_\_

Attachments Included:

---

Rental Start Date: \_\_\_\_\_

Rental End Date: \_\_\_\_\_

Invoice Amount (\$): \_\_\_\_\_

Security Deposit (\$): \_\_\_\_\_

---

# SECURITY DEPOSIT

Security deposits will only be released following full inspection of the equipment and return of all required rental documentation.

Any applicable deductions including, but not limited to, repairs, damage, cleaning, fuel, missing items, transportation, recovery, late fees, downtime, loss of rental income, or other costs incurred during the rental period will be deducted from the security deposit prior to refund.

---

# RENTAL TERMS & CONDITIONS

The Renter assumes full responsibility for all damage, loss, theft, misuse, neglect, rollover, vandalism, seizure, collision damage, tire damage, glass damage, or mechanical failure of the equipment and attachments occurring during the rental period, regardless of fault.

GTL Rentals & Contracting shall not be liable for any injury, death, personal harm, property damage, project delay, loss of income, or other damages arising from the possession, transportation, loading, unloading, or operation of the equipment.

Equipment must only be operated by trained, competent, and qualified operators. Unauthorized operators are strictly prohibited. Any misuse, negligence, unsafe operation, overloading, improper transportation, or operation contrary to manufacturer recommendations is solely the responsibility of the Renter.

The Renter is fully responsible for all rented attachments and accessories including, but not limited to, buckets, forks, augers, couplers, keys, straps, and other supplied equipment.

The Renter assumes all risk associated with ground conditions, frozen ground, unstable terrain, underground utilities, laser grading operations, buried infrastructure, and unknown subsurface conditions.

---

# TRANSPORT & DELIVERY

The Renter assumes full responsibility for the safe loading, unloading, securing, transportation, towing, and operation of the equipment unless delivery is specifically provided by GTL Rentals & Contracting.

Any damage occurring during transportation, loading, unloading, towing, or recovery while under the Renter's possession is the sole responsibility of the Renter.

Delivery, pickup, mileage, hauling, wait time, transportation, and recovery charges may apply and will be invoiced separately where applicable.

---

## **WEATHER / NON-USE**

Weather conditions, project delays, ground conditions, scheduling conflicts, operator availability, breakdown of other equipment, or non-use of the rented equipment do not relieve the Renter from payment obligations under this Agreement.

Rental charges continue for the full rental period regardless of whether the equipment is actively used.

---

## **DOWNTIME / LOSS OF INCOME**

The Renter agrees to be responsible for loss of rental income, downtime, administrative costs, and related business losses resulting from damage, misuse, theft, rollover, neglect, seizure, or delayed return of the equipment requiring repair, inspection, replacement, or recovery.

---

## **INSURANCE REQUIREMENT**

The Renter is responsible for maintaining their own liability, property damage, transportation, cargo, and operational insurance coverage during the rental period.

Any insurance maintained by GTL Rentals & Contracting applies only to the equipment itself as required by law and does not provide liability coverage, operator coverage, jobsite coverage, cargo coverage, or protection for the Renter, the Renter's employees, subcontractors, or third parties.

Proof of insurance may be required prior to release of equipment.

---

# DAILY INSPECTION & OPERATION

The Renter is responsible for performing daily walk-around inspections and basic operational checks during the rental period including, but not limited to:

- Fluid levels
- Fuel levels
- Tire or track condition
- Leaks
- Warning lights
- Damage
- Attachment security
- General safe operating condition

The Renter agrees to immediately stop operating any equipment that becomes damaged, unsafe, malfunctioning, overheating, leaking, or mechanically compromised.

Continued operation of damaged or malfunctioning equipment may result in additional liability for resulting damages, repairs, engine failure, component failure, or safety-related losses.

The Renter must immediately notify GTL Rentals & Contracting of any warning lights, failures, abnormal noises, overheating, leaks, accidents, or operational concerns.

Repairs may not be performed without prior written authorization from GTL Rentals & Contracting.

---

## FUEL, CLEANING & RETURN CONDITION

Fuel required to refill the equipment at the conclusion of the rental period will be charged to the Renter based on current fuel costs and invoiced separately if equipment is not returned at the same fuel level provided at pickup.

Equipment must be returned in substantially the same condition as received, normal wear and tear excepted.

Additional cleaning charges may apply for excessive mud, concrete, debris, garbage, animal waste, frozen material, or other abnormal cleaning requirements.

Late returns may be subject to additional rental charges and fees.

---

# **STUCK, RECOVERY & TOWING COSTS**

The Renter is fully responsible for all recovery, extraction, towing, winching, service call, roadside assistance, crane, or recovery costs associated with equipment becoming stuck, disabled, inaccessible, submerged, frozen in place, or otherwise requiring assistance during the rental period.

---

# **GPS TRACKING DISCLOSURE**

The Renter acknowledges and agrees that rented equipment may contain GPS tracking, telematics systems, airtags, monitoring devices, or other location and usage tracking technology for theft prevention, recovery, maintenance monitoring, and operational purposes.

---

# **PAYMENT DEFAULT**

No equipment shall be considered reserved or released until the required deposit has been received and this Agreement has been signed by all parties.

Any unpaid balance remaining thirty (30) days after the invoice due date may be charged interest, and reported.

---

# **EQUIPMENT CONDITION ACKNOWLEDGEMENT**

The Renter acknowledges the equipment was inspected prior to use and was received in acceptable operating condition unless otherwise documented in the inspection report.

Photographs and/or video taken before and after the rental period may form part of this Agreement and may be used to verify the condition of the equipment.

---

# GOVERNING LAW

This Agreement shall be governed by and interpreted in accordance with the laws of the Province of Saskatchewan and the applicable laws of Canada.
