Book Marketplace Net Information

The Problem

Authors are releasing their books on KDP [through Amazon], and discovering the title is quickly lost in the millions of new and used books on the website. Many are becoming discouraged wondering what to do next. They are thinking, "I know someone out there will be happy by reading my book, but I don't have what it takes to get it into the main marketplace."

The Solution

Book Marketplace Net is the brainchild of Sheri Hauser to provide a way for authors to release their works. She has authored the Prophetic Wave Series and the Publisher School, which includes the Lasertrain. Opening Glorybound Publishing in 2005, she has released over 700 books and has training in all aspects of professional publishing. Her present credentials include being a webmaster and graphic designer, as well as having a diploma in Sound Engineering and Social Media Marketing. Combining these elements provides a unique opportunity to offer an inexpensive online platform for those with books or music. The goal for God Book Marketplace Net is 10K hits per month. Our other websites are reaching this goal, so we feel it is realistic. As you have taken the time to author a good book, we aim to help people find that book!

Marketing Treat

When it comes to trick or treat—this is not a trick, but truly a treat for authors to offer their books to customers. God Book Marketplace Net is a matrix of six Christian book marketing websites. It is designed as a low-cost, high-traffic online market for authors and independent publishers to target their customers. The websites each have an independent flavor. Marketing plans start at \$10 per month, allowing 3 books by one author for display on two websites. God Book Marketplace Net offers options to increase exposure with second-level marketing by adding websites. An author can be marketed on up to 6 websites for \$60 per month utilizing level 2. Membership contracts are for 6 months or 12 months. We do not retain credit card numbers, bill beyond initial payment, or sell personal information. Authors may cancel at any time. All of the processing for the God Book Marketplace occurs on the website.

Features include:

- **We provide direct links** to book titles and personal websites. The book cover is displayed with direct links to purchase options of your choice. If an author is selling his books out of the garage or on Amazon, we can provide the directives to steer customers in their direction. We add links to personal, professional, or Church websites in addition to direct links to Amazon sales.
- **Show a video or link to an audio book.** We can link YouTube videos and audiobooks to be shown adjacent to the book title, generating interest to the customers. (Level 2)
- **Book Marketing Support** Group Meetings are held weekly. Members encourage one another by helping with book reviews. We all know that book reviews on Amazon help to sell books. The meetings have breakout groups where authors can exchange information and promote awesome book reviews.
- **Live Event Promotional Items.** One crucial step toward selling books is joining live local events. We offer a simple way to order what is needed to enhance your professional image. We have found that business cards with a QR Code, large foam board posters, and book banners are essential for live presentations, so we offer them as well. The Book Marketplace is sponsored by Glorybound Publishing. They have been

publishing, printing, and selling books for 20 years. They know exactly what is needed. There is no use spending extra money for items that are not indicated. We can help. Cards, posters, and banners are professionally printed via Vistaprint and sent to your door.
