# Welcome to:

Cambridge  
Treats

**Cambridge Treats Inc.** is situated in the picturesque city of Cambridge, Ontario, Canada. It has two research and development centres and four state-of-the-art production facilities located in Canada, Australia, China, and Vietnam. Our group of pet treat facilities have over 25 years of experience in manufacturing high-quality private label pet treats for clients across the globe.

The newly constructed 60,000 square foot manufacturing facility in Cambridge produces a wide range of premium ODM and OEM pet treats including extruded and molded dental treats, rawhide-free and collagen chews, vitamin chews, meaty treats, bakery treats and seasonal treats.

Contact us today to discuss how our expert team can help you bring your next pet treat project to life.

## INTRODUCTION

Facility to be opened in the first quarter of 2025

# CERTIFICATIONS

We have more than 25 years of experience in private label manufacturing for pet treats.

We have a total of 2 research & development centers and 4 state-of-the-art production facilities in 4 countries on 3 continents.

Our facility meets international standards such as: **FDA, HACCP, BRC & ISO 9001:2015.**

Cambridge  
Treats

**Cambridge Treats Inc.** produces a wide range of high quality ODM and OEM pet treats. We believe our beloved companion animals deserve the absolute best products. Our pet treats provide clients with science-based nutrition, high-quality ingredients, innovative product design, and an unwavering commitment to food safety and quality.

At Cambridge Treats Inc., you will experience unparalleled customer service and turnkey business solutions. We offer our clients packaging design, planogram design, and logistics services. We have a team of experts to support you through your entire project.

Seasonal Treats

Notes: \* For more information please refer to the seasonal products catalogue.

# DENTAL TREATS

Porous texture helps to reduce plaque and tartar buildup.

Dental grooves help to clean hard to reach teeth.

Soft texture ensures no harm to the gums, allowing for comfortable chewing.

Added probiotics and prebiotics to regulate intestinal and oral flora.

*\*Bacillus coagulans (probiotic) and FOS (prebiotic) work to inhibit bad bacteria and promote overall oral health.*

Puffed Dental Stick

Leaf-shaped dental ridges help to reduce plaque & tartar buildup by mechanical friction.

The anti-bacterial enzyme (glucose oxidase) promotes oral hygiene like an enzymatic toothpaste.

Rich in vitamins and minerals.

Breath-Saver Enzymatic Dental Stix

Freshen Breath with active herbal ingredients.

*\*Spearmint & Green Tea Extract*

Sodium hexametaphosphate helps to inhibit growth & mineralization of plaque.

Cambridge  
Treats

# Vegan & Natural Dental Chews

Herbal Toothpaste Dental Stix

## Tartar Control

Unique texture and dental ridges helps reduce tartar buildup and clean along the gumline.

## Plaque Reduction

Brown algae and chamomile extract inhibit bacteria that cause oral cavity damage and reduce plaque.

## Bad Breath Prevention

Freshen breath with aromatic spices, including clove, vanilla and cinnamon.

## Teeth Whitening

Calcium carbonate, sodium bicarbonate, calcium phosphate work as soft abrasives, helping to remove stains and promote teeth whitening.

## Gum Health

L-Ascorbyl-2-polyphosphate (Source of Vitamin C) helps to relieve gum discomfort and promote gum health.

## Enamel Strengthening

Calcium phosphate helps to repair the enamel and replace the lost minerals.

6-in-1 Antibacterial Dental Chew

Cambridge  
Treats

DENTAL TREATS

# DENTAL TREATS

Herbal Bristle

Flexible grooves and ridges help to clean teeth, gums, and tongue.

Active herbal ingredients to prevent bacteria growth.

*\*Parsley, Tea Polyphenols, Turmeric, Nutmeg, Honeysuckle and Wild Chrysanthemum*

Scientifically formulated to be palatable and easy to digest.

Effective and appealing shapes for mechanical teeth cleaning benefits.

T-Rex & Toothbrush

Formulated with functional ingredients to enhance total health.

*\*Glucosamine, Chondroitin Sulfate etc.*

Scientifically formulated to be palatable and easy to digest.

**Collagen Chews** are a durable dog chew treat made from the collagen extracted from cattle hide. The collagen protein is enzymatically hydrolyzed and broken down into small molecules making it both nutrient rich and digestible.

**96%**  
Digestibility  
within 24h

# COLLAGEN CHEWS

## Benefits of Collagen Chews

Collagen is the most abundant protein in dogs. Collagen makes up one-third of the protein in your furry friend. It is found in your dog's skin, fur, connective tissue (joints, tendons, ligaments, cartilage), blood vessels, gut lining, and much more. However, just like humans, your dog loses collagen every year as it ages. This decline in collagen can lead to aching joints, upset digestion, and a dull coat.

100% natural  
**COLLAGEN**  
inside

Collagen chews consist of type 1, and type 3 collagen, which stimulates the overall production of cartilage in dogs. The production of cartilage provides cushioning for joints, reduces joint pain, and helps a dog to recover more rapidly after physical activity. The collagen chews are easy to digest and provide pet parents with a healthy and delicious chew to offer their best friend.

## We Offer 3 Types of Collagen Products:

- |  |                       |

**Cambridge Treats Inc.** produces a wide range of high quality ODM and OEM jerky treats. Our team of experts will guide you through your entire product development process to ensure your project is completed on time and with ease.

We use lean, high-quality proteins from the best possible sources including: chicken breast, beef, fish, venison, kangaroo, and lamb.

### **Culinary Jerky:**

The pet food category is exploding with trends that mimic our favourite human treats. As a result of this humanizing trend in pet food, we have created an innovative culinary inspired line of jerky treats that are designed to look just like our favourite human treats. These treats are carefully crafted with real meat as the first ingredient.

### **Combo Jerky:**

Combo Jerky is made with two distinct layers such as: two meat flavours, meat with cheese, meat with vegetables, or meat with fruits. This creates a mouthwatering combination that is sure to please pets everywhere.

### **Extruded Jerky:**

These soft and chewy treats are formulated with clean ingredients. Our healthy jerky recipes do not include wheat, corn or soy, and no artificial flavours. The extruded jerky treats are easy to break into smaller pieces and a great choice for daily rewards and training.

Chicken

Beef

Duck

Tuna

Salmon
