

Four entry-level cohorts a year, each rotating monthly through **PPS 32E**, **PI 02E**, and **EMR** — the three credentials that make up EMERGILITY's entry-level Protective Agent pathway — for twelve classes total. Every course is built around a working week: three weeknight evenings plus weekend sessions, so a Monday–Friday schedule doesn't have to change.

Course overview

PPS 32E
Personal Protection Specialist

60 HOURS · 2 WEEKS

Build the skills and knowledge to protect individuals, families, and assets. This course covers risk assessment, surveillance detection, protective operations, and more.

PI 02E
Private Investigator

60 HOURS · 2 WEEKS

Learn investigative techniques, legal foundations, surveillance, evidence collection, and report writing to support professional investigations.

EMR
Emergency Medical Responder

60 HOURS · 2 WEEKS

Gain the skills to provide initial emergency medical care in a variety of settings. Includes patient assessment, airway management, trauma, and medical emergencies.

The rotation

Northern Virginia's only three-discipline protective development cycle, repeating four times across the year.

WEEKENDS · 9A–6P
Sat–Sun 11–12 & 18–19

24 evening + 36 weekend hrs60 hrs total

How each cohort runs

Weeknights	Three evenings a week, 6:00–10:00 PM — 6 sessions, 24 hours. Tuesday/Wednesday/Thursday by default; a session shifts to an adjacent day only where a holiday falls on the usual night.
Weekends	Two full Saturday–Sunday weekends, 9:00 AM–6:00 PM — 36 hours. One at the end of each of the two weeks.
Duration	Every course runs 60 hours across two weeks, whichever discipline is up that month.
Fit	Built around a standard Monday–Friday job — no weekday daytime sessions, ever.

VIRGINIA HOLIDAYS OBSERVED

New Year's Day	Fri, Jan 1
MLK Day	Mon, Jan 18
