

RAM | 2019/20
RUGBY

INTRODUCTION

Another rugby season, but not just any old season - a World Cup season. Your clubs and schools will hopefully be making the most of it, whether that means learning about the geography and history of Japan, or using the event as a catalyst for encouraging more people to play the game or perhaps re-engage with a sport they've deserted in recent years. Of course a victory for one of the home nations would be a huge boost in that direction, and let's hope at least one of England, Ireland, Scotland and Wales make it through to the semi-finals and beyond.

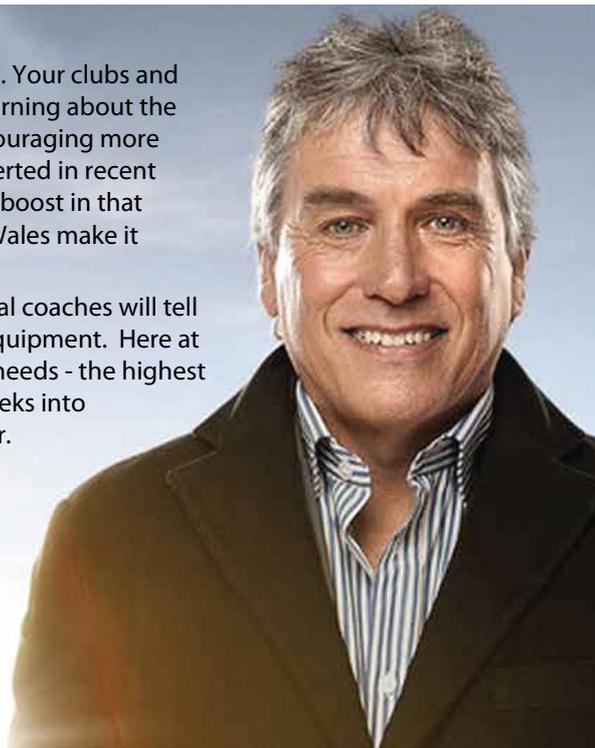

It's at times like this that preparation is everything, as all the international coaches will tell you. So don't be unprepared for the season ahead in terms of kit and equipment. Here at Ram, we can be your one-stop-shop for everything your club or school needs - the highest quality at the best prices. The World Cup will focus our minds for six weeks into November, but it's a long old season stretching ahead into next summer.

Make the most of it, and make the most of us.

Everyone at Ram has rugby at their heart and we're here to help you.

Thank you for supporting us.

Yours in Rugby
John Inverdale

Here are what customers are saying

Tara Sanders – Eton Manor RFC

“ We have been working with Ram for a couple of years now and last year we decided to sign in for a 3 year exclusive partnership agreement. The service received has been great, nothing is ever too much trouble and the clothing and kit supplied has been of outstanding quality. The personal touch of an Account Manager makes the whole experience a lot more enjoyable when placing orders and we will continue to use Ram as our preferred kit supplier.”

Kevin Robinson – Oxfordshire RFU

“ We have been involved with Ram over many years and found the organisation responsive and understanding of our needs, providing a great on time service and producing kit of the upmost quality. One of the best features is their design service. Responding to a tight brief Ram have always produced a range of innovative and appropriate designs for our playing jerseys, shorts and socks from which we have developed and selected our final choice. With a full support staff this is a company we would have no hesitation recommending to prospective clients.”

Trevor Johnson – Datchworth RFC

“ Ram Rugby's comprehensive brochure, availability and prices effectively make it a "must have" one stop shop.”

Tim Harwood - Abingdon RFC

“ The absolute key thing for me is that Ram do not skimp on quality. As examples all our playing shirts now have a life span of a minimum of 3 years where they previously only last 1 year from other suppliers. We also find the waterproof training tops of exemplary quality. Ram are very easy to deal with particularly our experienced and supportive account manager Marianne.”

Christian Briard - Barry RFC Mini and Juniors

“ We have been in a contract with Ram for a couple of years now and we have no plans to change. We could not be more delighted with the service and quality of the clothing and kit. We look forward to continuing and building our relationship with Ram over the coming years.”

Jon Bland - The Chorister School

“ Our experience with Ram has always been excellent – top quality product, competitive prices and very helpful staff pre and post-sale to boot. Our bench coats are regularly borrowed in during the depths of winter by staff from across the school who love them! I have no hesitation in recommending Ram for both Rugby and Cricket.”

CUSTOM PRINTED BALLS

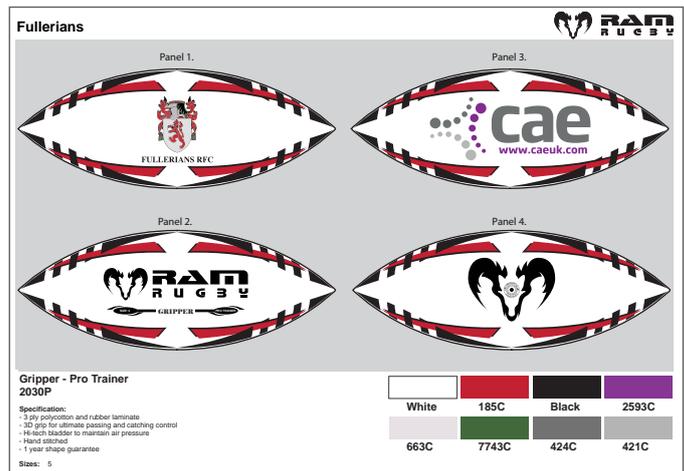

It couldn't be easier to customise one of our high-quality match and training balls by adding the full-colour logo or crest of your Club, School and/or Sponsor. And for an added level of personalisation, you don't need to stick to our stock ball colours. Instead, pick your preferred colours and we will get straight to work on a mock-up of your ball design for approval. Minimum order quantity starts at 12 balls.

These prices include full colour customisation on two panels:

Tackle Bag Ridge

The unique ram ridge turns your tackle bag into a more functional piece of training equipment. Eliminate tackling too high by forcing the tackler to tackle below the ridge. Helps train for big hits with players hitting hard and then driving-up on the ridge. The ridge is slipped on to existing tackle bags and then positioned on the bags to suit.*

CUSTOM POST PROTECTORS

Customised Post Protectors

Senior post protectors are 183cm high and Junior are 121cm, both have a minimum thickness of 8cm as per the IRB specifications.

Post protectors are offered in a range of pad face widths. Wider pads are seen as more prestigious and also offer opportunity for greater branding.

Post protector wraps cover existing post protectors. These are ideal if your current post protectors are in good shape but you wish to change the branding.
