# The **SPORTS-LITE** Training Kits

## Market leading features

Lithium battery pack,  
no cables

Light weight and  
compact to store

Optimised optical lensing  
for sports

Safe, soft descent  
anti-trap tripod

Over 2 hours duration, options  
on 4 hour kits available

Silent operation, no mains or  
generator required

Stable and robust, ideal  
for professional use

Waterproof, light heads  
rated IP65

# Features & Benefits

Unique lensing optimised for sports playing surfaces to give low light spill (light pollution) and even light coverage

Quick & simple set up by one person in under 1 minute per light

Compact to store and transport. Under 10kg per kit. Easy to fit a full set in a car

Lights can be set up anywhere on any surface for sports training

# Features & Benefits

Stable to 25mph winds no extra tie downs required

Safe, Silent Operation.  
No trip hazards  
No noise  
No maintenance

Lithium rechargeable battery pack with over 2 hours duration. Fast, easy charging.

Multiple kit options for all budgets and training requirements

# Kit Options

**4 x Sports-Lite Training Kit**

**6 x Sports-Lite Training Kit**

**8 x Sports-Lite Training Kit**

**10 x Sports-Lite Training Kit**

# Accessories

## **LITHIUM BATTERY**

A lithium battery pack for powering the Sports-Lite

## **LITHIUM BATTERY CHARGER**

A battery charger for charging the Sports-Lite head

## **5-WAY BATTERY CHARGER**

A 5-way battery charger for charging the Sports-Lite heads

## **TRIPOD**

A light weight 3 metre tripod for use with the Sports-Lite LED light head

## **LIGHT HEAD BAG**

Store up to 2 Sports-Lite heads, batteries and chargers safely in this storage bag

## **TRIPOD BAG**

Store up to 2 Sports-Lite tripods safely in this storage bag

£ Fast payback on initial investment for clubs

The units can be recharged during the day in 5.5 hours and be available every single night for training sessions.

**Cost to recharge is only £0.04 per tripod light**

- Example 8 kit = £0.32 per recharge – A lot less than running a generator and with maintenance savings too.
- These figures are based upon 15p per KWH electricity cost which is a UK average.

# Charging Options

The **SPORTS-LITE** training kits are a fantastic energy friendly lighting solution with very little energy required to recharge the Sports-Lite's lithium battery packs.

## Options

Single chargers supplied with units as standard

Optional 5 way multi-bank charger to charge multiple units from one plug socket

5.5 hour  
recharge

5.5 hours for full recharge

# How many lights do I need?

The number of SPORTS-LITE training kits required depends on the sport being played and the level of light required.

## Experience

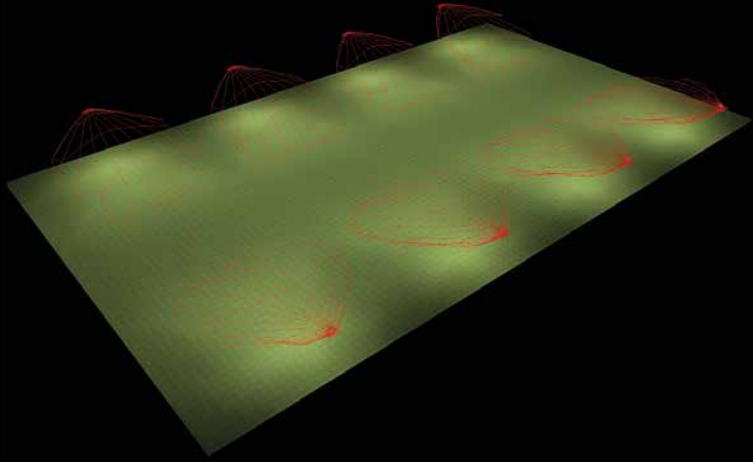

Ritelite's customer support team are highly experienced in recommending the right number of Sports-Lites for every application and sport.

The following pages show some typical relax lighting plots from projects we have carried out for different types of sports applications.

# Football

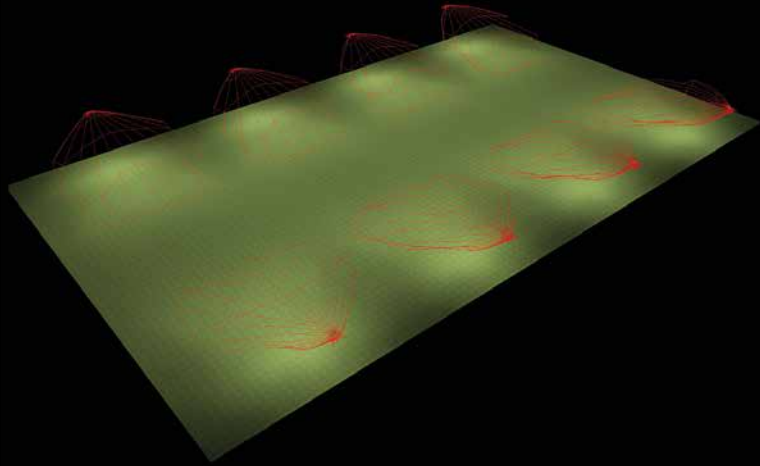

8 kit for 60m x 40m area or 12 kit for full size pitch area

# Rugby

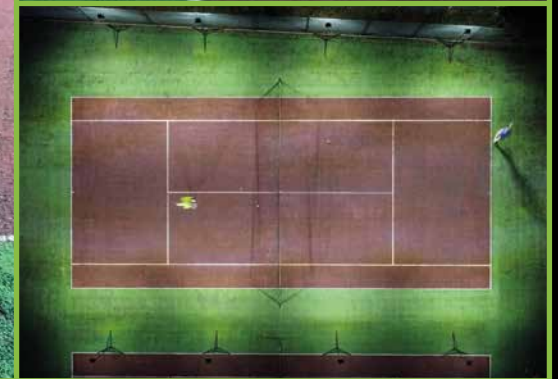

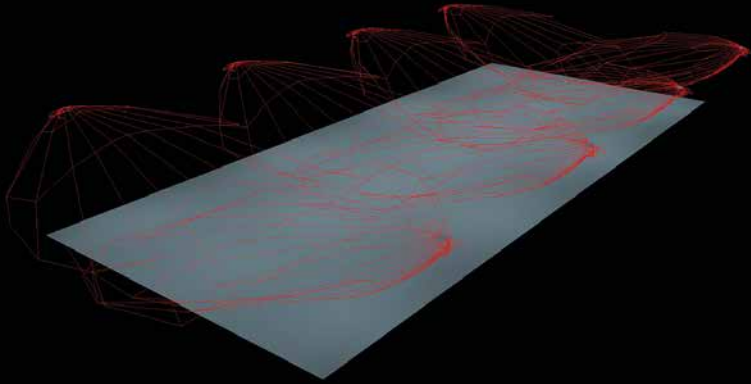

8 kit for 60m x 40m area

# Tennis

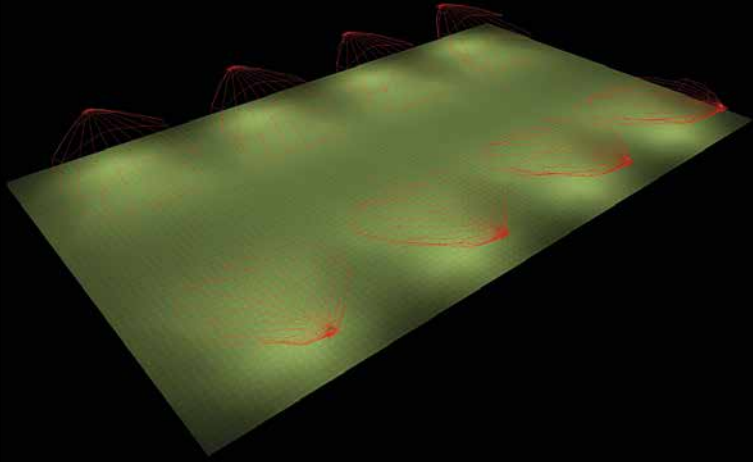

8 kit for standard single court area

# Cricket

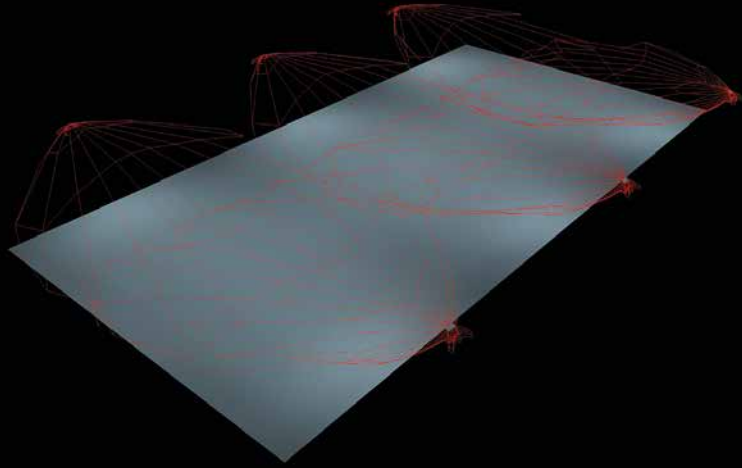

8 kit for twin nets or 10 kit for triple net area

# Netball

6 kit for standard single court area

# Remote Control Cars
