

DOWN SYNDROME

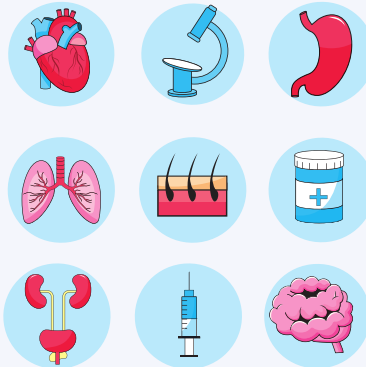

EMPOWERMENT

Common disorders associated with Down Syndrome

CARDIOLOGY

Congenital Heart Defects

- atrioventricular septal defects (AVSD)
- ventricular septal defects (VSD)
- atrial septal defects (ASD)

AUDIOLOGY

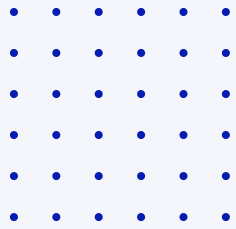

Hearing loss
Ear infection

ENDOCRINE

Hypothyroidism
(low thyroid level)

VISION

Nearsightedness
Crossed eyes

DOWN SYNDROME

EMPOWERMENT

Common disorders associated with Down Syndrome

RESPIRATORY

Sleep apnea
Respiratory infections:
pneumonia, bronchitis

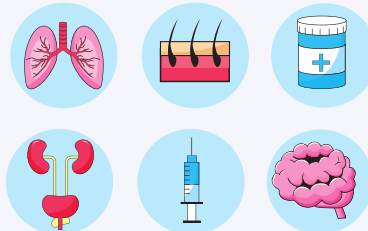

GASTROINTESTINAL

GERD
Constipation
Celiac disease
IBD

MUSCULOSKELETAL

Hypotonia (poor
muscle tone)

BLOOD DISORDERS

Anemia
Leukemia
Polycythemia
