

Connecting to Amazon Alexa

Note: Your Amazon Alexa Account must be set up prior to linking it to Mirabella Genio.

1. Launch your Amazon Alexa App
2. Tap on menu in the top left-hand corner
3. Tap on 'Skills and Games'
4. Search for the 'Mirabella Genio' App and enable it
5. Log into your Mirabella Genio Home account with your email address or mobile number and tap on 'Link Now'.
6. You will then need to tap 'Authorise' to receive your profile and control your devices over the internet
7. Once it is successfully linked, Select 'Discover Devices' and the app will begin searching for your Mirabella Genio product.
