

## Connecting to Google Home Control:

Note: Your Google Home Account must be set up prior to linking it to Mirabella Genio.

1. Launch your Google Home Control App.
2. Tap on menu in the top left hand corner.
3. Tap on Home Control.
4. Tap on the + icon on the bottom right corner.
5. From the list, scroll down and tap on the 'Mirabella Genio' app.

6. Log into your Mirabella Genio App with your Mirabella Genio account login and tap 'Link Now'.
7. You will then need to tap on 'Authorise'.
8. Once linked, it will show your connected devices which you will need to assign them to rooms.
9. When linked successfully, you will see connected devices in your Home Control screen which you can now control your Mirabella Genio devices with your voice.
