

Allegro-Misr

Allegro – Export, Manufacturing & Trading

Allegro is a global exporter and trading company specializing in high-quality food products. With over 10 years of experience, we are committed to excellence, innovation, and customer satisfaction.

About Us

- Allegro is a leading exporter with over 10 years of experience in the market. Our commitment to quality and excellence has enabled us to build strong partnerships globally. We specialize in frozen fruits, frozen vegetables, French fries, tomato sauce, pasta, juices, and chips. We collaborate with certified manufacturing plants that utilize state-of-the-art Italian production lines, ensuring that every product meets the highest standards.
- Our factories are equipped with cutting-edge technology, and our quality control engineers ensure that all products comply with international standards. We are proud to hold various certifications, including ISO, HACCP, and other essential credentials that enable us to meet the diverse needs of markets worldwide.
- Furthermore, as we are partnered with certified companies, this gives our clients the flexibility to create their own private labels. This offers an important advantage to our customers, helping them to tailor products to their brand needs.
- Allegro exports to numerous countries across Europe, South America, Africa, the Gulf region, and Germany. Our extensive network and dedication to superior service make us a trusted partner in the global market.

Our Mission

- At Allegro, we are committed to delivering high-quality and competitively priced products through our skilled and experienced team. We firmly believe that our mission can only be fulfilled through a reliable and well-structured management system.

Our team consists of talented, enthusiastic individuals who have always played a key role in Allegro's success. We take pride in employing some of the most experienced professionals in the fresh and frozen food industry.

Human Innovation

EMPOWERING PEOPLE, DRIVING GROWTH

Allegro has built a team of highly experienced professionals who share our vision of expanding in the global market and making a name for both themselves and the company. Our staff consistently bring their full potential to their work, contributing fresh and innovative ideas every day to help turn this vision into reality.

OUR RECIPE FOR SUCCESS

At Allegro, we believe that the key to building a successful company lies in combining an integrated control system with a well-trained team. A team that strictly follows regulations and applies all relevant standards ensures the premium quality we aim to deliver in every product.

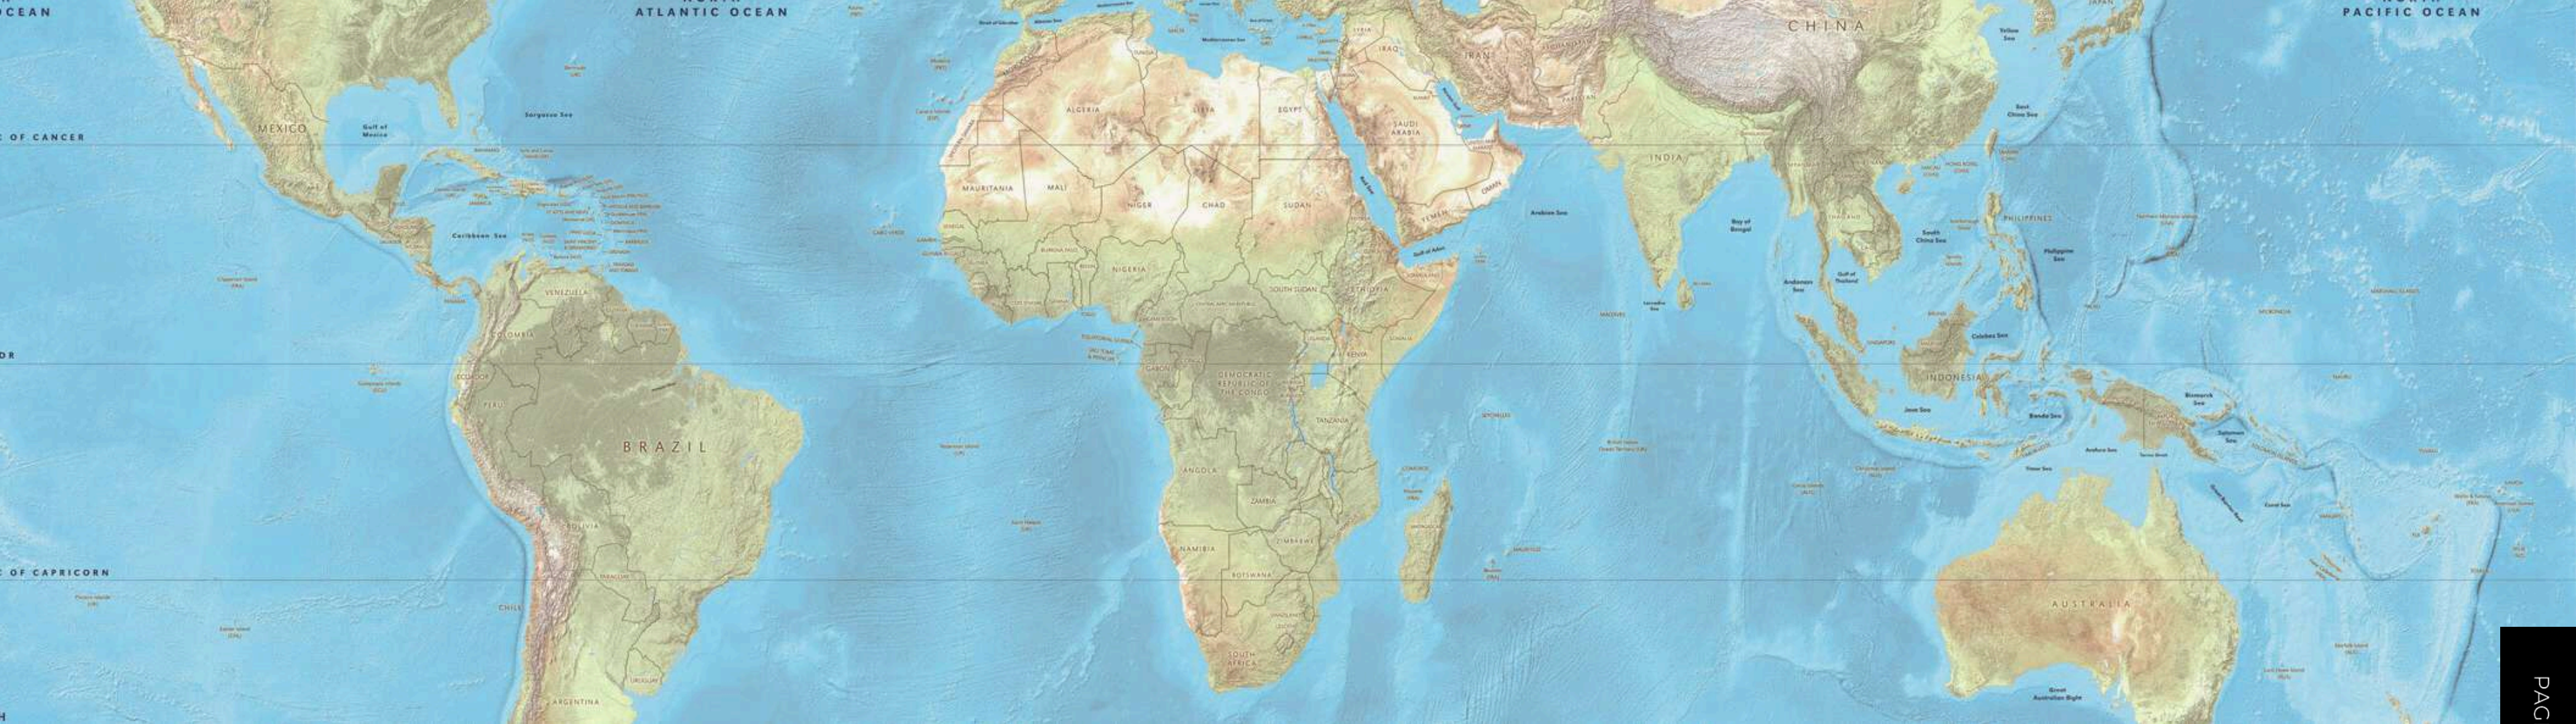

Logistics

- Our logistics operations follow a continuous cycle of planning, implementation, and control to ensure the efficient and effective transportation and storage of goods, services, and related information—from the point of origin to the final destination. This process is designed to meet all customer requirements with precision and reliability.

To guarantee smooth and timely operations, we maintain strong relationships with our trusted shipping agents. For air shipments, we work with reputable airlines such as Fly Emirates, EgyptAir, and Etihad. For sea freight, we rely on top-tier carriers including Maersk, CMA CGM, and MSC.

Our Destination

We are proud to have a long list of customers from around the world who show strong interest in our products. Many of them are from high-demand supermarkets in Western Europe, Asian countries, Russia, the Far East, the Gulf region, and the growing markets of Africa.

We are always open to exploring new markets, including the COMESA community and Southeast Asian countries. Our goal is to deliver high-quality products that meet our customers' expectations and reflect the true value of our dedicated work.

Our Products

Frozen fruits & vegetables

Frozen OKRA

Frozen okra is prepared from fresh okra at the maturation stage. The process involves removing the crown, thorough washing, and thermal treatment sufficient to deactivate oxidation enzymes. This treatment ensures the okra is properly frozen to preserve freshness and quality.

Packaging

Retail: 400g, 800g
Food Service: 400g, 1kg, 2.5kg, 10kg

Container Capacity (Non-palletized)

Retail: 23.2 tons
Food Service: 26 tons

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Molokhia

Fresh leaves are carefully hand-picked and cut using the most advanced machinery, ensuring a defect-free product that is free of additives and chemicals. The leaves are then quickly frozen to preserve their freshness and nutritional quality.

Packaging

Retail: 400g, 800g
Food Service: 400g, 1kg, 2.5kg, 10kg

Container Capacity (Non-palletized)

Retail: 23.2 tons
Food Service: 26 tons

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Mix Vegetables

A mixture of peas and carrots, green beans and corns that have been specially cultivated for this purpose rich in mineral salts, vitamins and dyes that increase the nutritional value needed by the human body

Packaging

Container Capacity (Non-palletized)

Retail: 23.2 tons
Food Service: 26 tons

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Guava

Guava is a common tropical fruit found in many tropical and subtropical regions. Although other related species are sometimes referred to as guavas, they belong to different species or genera—such as the pineapple guava, which is not a true guava.

Packaging

Retail: 400g, 800g
Food Service: 400g, 1kg, 2.5kg, 10kg

Container Capacity (Non-palletized)

Retail: 23.2 tons
Food Service: 26 tons

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Pomegranates

Pomegranates are harvested at the peak of the season to ensure you receive only the finest quality fruit. Only the best pomegranates, selected for optimal ripeness, are chosen. Each fruit is carefully washed, cut, deseeded, and the arils are quick-frozen to preserve freshness and flavor.

Packaging

Retail: 400g, 800g

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Strawberries

Strawberries are rich in multivitamins, making them a true nutritional treasure. Due to high demand from our partners, we are committed to supplying strawberries year-round at the highest standard of quality. Our strawberries come from specialized plantations that apply the most advanced agricultural techniques during cultivation, harvesting, and post-harvest handling.

Packaging

Retail: 400g, 800g
Food Service: 400g, 1kg, 2.5kg, 10kg

Container Capacity (Non-palletized)

Retail: 23.2 tons
Food Service: 26 tons

Container Capacity (Palletized):

Retail: 19.2 tons
Food Service: 24 tons

Frozen Mango

Sliced mango is made from carefully selected fully ripe mangoes, thermally processed and aseptically frozen to retain the color, taste, flavor, and aroma of fresh mango.

Packaging

Retail: 400g, 800g
Food Service: 400g, 1kg, 2.5kg, 10kg
