### Short list of clients

**The types of problems Rick helps individual leaders and companies solve;**

A leader is struggling in attracting, retaining and developing top talent in their company

The company culture has gone in the wrong direction, not reflecting the needs of today's staff members, or not recovered properly from Covid

Addressing leaders/managers ineffectiveness and burnout by developing courageous leaders that address today's specific challenges by learning the needed skills tools & knowledge

Sales and productivity performance have fallen way off of acceptable levels. Sharing growth strategies and implementation techniques for fast results
