

Harnessing Your Inner Leader

By Rick Denley

March 2016

Leadership, much like life itself, is a combination of passions, purpose, and pursuits. People require leadership in many aspects of their personal and business lives. What I have discovered through my life and business challenges is that the same leadership qualities exist in all areas of life. Leadership is about guiding and inspiring *people* through life's personal and professional challenges, to be the best they can be and achieve goals they never thought possible.

In this chapter, I will share three leadership qualities that will help ensure that you are the best, most influential leader you can be.

Leadership Quality #1: Empower and Influence Others

"True leaders don't create followers, they create more leaders" Ziad K. Abdelnour

Leadership Quality #2: Be Your Authentic Self

"Leadership simply begins with the courage to be yourself. So everyone else can be, too." Umair Hague, Author and Economist

Leadership Quality #3: Be a Source of Positivity and Inspiration

"Great leaders don't set out to be a leader...they set out to make a difference. It's never about the role, always about the goal" Richard Branson
