FEATURED KEYNOTE

LEADERSHIP, YOUR WAY

Throughout an organization there is a spectrum of leadership talent. Statistically, 10% are relying on natural leadership characteristics. There are those who still need to acquire stronger leadership expertise and confidence in order to effectively lead teams through today's complex challenges.

In fact, statistics show 77% of businesses report that strong leadership is lacking, while over 50% of employees view their leaders as ineffective.

The question becomes not or when you will lead, but HOW you will lead. Rick's keynote helps develop and hone leaders natural leadership styles while bringing them confidence to achieve outstanding leadership results. Helping leaders conquer fears of how to lead and incorporating their own stories to bring credibility and results in any situation for positive impact!
