PRE/POST SKIN THERAPY TREATMENT ADVICE

PRE TREATMENTS INSTRUCTIONS

Please let your skincare specialist know if you are on any medication (topical and/ or oral, have any medical conditions, or are being treated by a physician for any conditions.

Let your skincare specialist know if you have been diagnosed with cold sores or Herpes simplex.

No shaving, laser treatment, peels, waxing, or aggressive exfoliations one week prior to Dermaplaning treatments.

You should wait 14 days after receiving botox or dermal fillers to receive Dermaplaning treatments.

The Procedure

There is no pain or discomfort during the Dermaplaning procedure. It is best to relax and allow the skincare specialist to move and manipulate your head and face.

Try to remain still. There is no gum chewing allowed during the treatment and talking will be restricted by your skincare specialist at certain key times during the treatment.

AFTER FACIAL TREATMENTS

- * fast recovery time, following treatment, you may immediately return to your normal activities.
- * Use a gentle cleanser and apply moisturizer at least twice daily for a minimum of 7 days post treatment. Please see your 72 hour post procedure aftercare kit.
- * Avoid excessive heat treatments eg sauna steam rooms for a minimum of 3 days post treatment. Please keep out of the sun /sunbeds for 2 weeks post treatment. If you must be in the sun, apply spf 50 or greater, reapply often, wear a hat, and seek shade when possible. Fitzpatrick 4 to 6 is prone to pigmentation and exposure to rays can be elevated in all skin types .it is essential to wear spf factor 50 following this treatment as part of your homecare. Without doing so can result in pigmentation .
- * Avoid facial waxing for 7 days.
- * No scrubs, peels, or aggressive brushes for 7 days.
- * Do apply serums as absorption levels will be elevated.
- * Be sparing with self-tan, remember absorption levels are elevated.
- * You may experience a slight windburn sensation post treatment and skincare products may tingle slightly, this is normal for the first few days.
