Food License (FSSAI) Registration

If you are planning to start a new food business then you have knowledge about the Food License or FSSAI Registration and the food related products come under the FSSAI Act 2006 and all the food connected business have to follow the guidelines and regulations under the FSSAI Act. It is responsible for setting the standard and regulations & rules & directly report to health & family welfare, Government of India.

What is Food License?

It is basically a 14 digit registration number which is used by the food linked business & printed on the food products with license number and it is required for each type of the business whether it's a trader or manufacturer or import export etc. If you are concerned in the food processing or food manufacturing or packaging or distributing then its compulsory to required the Food License or FSSAI Registration and FSSAI stands for "Food Safety and Standard Authority of India".

Who Required FSSAI Registration?

It is mandatory for all type of the food related business, even if you are planning to start a food related business by way of food processing or manufacturing then it's required from starting irrespective of the turnover.

It helps you in following way -

Increase your consumer confidence in terms of safety.

Helps in removal of multiple legal policies.

Helps in promote new products.

Types of FSSAI Registration

Basically for all the food related business required legal registration to starting a business in India and in this legal registration business incorporation entity like proprietorship firm or private limited company etc are incorporated. Aloof from this you need extra license like GST Registration or Food License etc. so Food License and FSSAI License are the same.

There are mostly 3 type of the Food License category which is necessary for each food related business.

Basic FSSAI Registration - is required for the small businesses which have turnover less than 12 lakh rupees in a year and turnover is calculated on the yearly basis.

State FSSAI Registration - If you have already the FSSAI essential Registration and cross the turnover of the 12 lakh rupees in a year but less than 20 Cr. rupees then its necessary the FSSAI State License Registration.

Central FSSAI Registration - If you are thinking to export import business or want to supply at the government various department then its necessary the FSSAI Central License Registration and even also required for the large scale turnover more than 20 Cr. in a year.

What is food and safety Department?

It is related to the FSSAI Department it works to farming rules regarding the food related articles and completion of the policies. It also provide the technical and scientific support to the central government regarding the food related articles and it act as collection of the food related data consumption with general consciousness about the Food Standards and Food Safety.

Documents Required for FSSAI Registration

The documents depend on the type of the legal entity and Food License. Documents required for FSSAI registration:-
