CUTTING

Tip: Because the roof pieces will have a bias edge, starching/sizing the fabrics before cutting is recommended.

Houses– Select at least 297 charm squares.

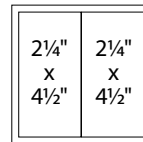

Select 132 charm squares for the roofs & doors.

Cut the squares as shown.

Save the larger of the leftover triangles for the optional chimney piece.

- Cut a 1 ¼" x 2 ½" rectangle for the chimney.

Select 132 charm squares for the sides of the house.

From each square, cut 2 strips–2¼" x 4½".

From the remaining 33 charm squares, cut 4 strips–2" x 2¼".

Background and Border–from 4–⅞ yards, cut:

From EACH of the ⅞-yard pieces cut

4–4" x width of fabric strips

From the strips, cut 35–4" squares (need 132 squares total)

2–2½" x width of fabric strips

From the strips, cut 8–2½" x 10½" rectangles (need 32 total for the border)

From the remainder of the yardage, cut

2–2" x 7", 4–1¾" x 7", 31–1½" x 7", and 23–1¼" x 7" rectangles

Binding–from the ¾ yard, cut:

8–2½" x width of fabric strips

Sew the strips end-to-end using a diagonal seam to make the binding.

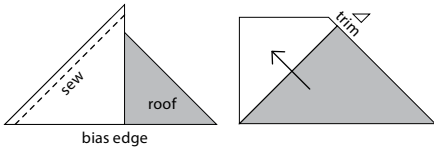

ASSEMBLY

All seams are sewn with a scant 1/4" seam allowance

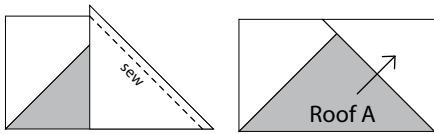

Making one house

There are 2 types of roofs;
 roof A and roof B with a chimney.
 To make roof A or B select the following:
 roof: 1-5" triangle

 Cut a 4" background triangle 2" from
 the point as shown. Assemble the
 chimney, press and trim.

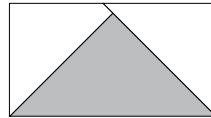

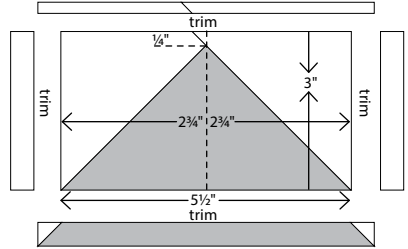

Add the chimney to the roof.
See trimming.

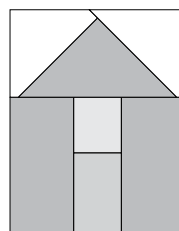

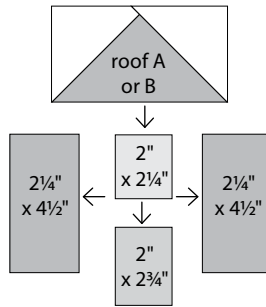

Trimming

VILLAGE

Jumble: A Charm Pack Mash-Up!

I love house quilts - always have, always will. I also love scrap quilts - the more fabric, the happier I am. So when Lissa started laying out all the new fabrics coming at Market, of course I saw it all as a quilt. Charm Packs? It was the only way to easily use every one of the new fabrics! Leave one out? As if?!

And after making more than 80 small quilts with charm packs, adapting one for a big quilt seemed so logical that I had to wonder why it hadn't occurred to me before.

The houses are made with 5" charm squares, and each house uses 2 and 1/4 charm squares. Some parts match, some don't. Each house block finishes at 5" x 6 1/2". There are eleven rows of 12 randomly spaced houses, and some of the houses have chimneys.

The name comes from "it takes a village" because it took the combined talents of at least 16 people to make this all work - the 12 designers whose fabric collections I used, Lissa, Tammy, Lisa, and Maggi, the quilter.

Me? I just showed up at the end.
