

2022-2023 ANNUAL Call for Sponsorship

Annual sponsorship runs from July 1-June 30 each year
Representing 914,000 Cows along the I-29 corridor!

On behalf of I-29 Moo University, a 4-state collaboration of Extension professionals (IA, MN, SD, NE), we are inviting you to help with sponsorship of our entire year's activities. We depend on sponsorships from companies such as yours to keep the cost affordable for participants. If you have been a sponsor in the past, we want to thank you for your past support and ask that you continue your sponsorship this year. If you have never been a sponsor, please consider this opportunity to promote your company by supporting these programs for the dairy industry and dairy beef feeders. We offer excellent programming throughout the year to meet the ever-changing needs of dairy producers and industry professionals throughout the five-state region addressing timely topics. I-29 Moo University works extensively to reach the dairy industry and the 914,000 cows (USDA, 2022) across the 4-state region plus the dairy beef industry.

Historically, in the 4-state region we have offered...

- Three annual in-person programs
- Dairy field days
- Webinars featuring timely dairy topics with sponsor recognition, with over 1,000 live and recorded viewings.
- Nearly 800 people view our monthly e-newsletter from locations worldwide, including several foreign countries each month
- Bi-monthly podcast with 4900 downloads and nearly 2400 unique listeners

Visit our webpage!

Visit the updated <https://i-29moou.com/> website to see upcoming events and webinars, register for programs, access to recordings and proceedings, plus our current list of sponsors. Information is available for dairy producers and dairy beef feeders.

Staying responsive to the industry...

The pandemic had molded how I-29 delivers programs and the reach has gone beyond the four-state region. We used the Survey of I-29 Dairy Industry and Dairy Beef Feeders to see how we reach/change target audience,
