House of Representatives

HONORING

NATIONAL ARAB AMERICAN HERITAGE MONTH

HON. ELIOT L. ENGEL
OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Madam Speaker, I want to take a moment to recognize April as National Arab American Heritage Month, a time to honor all of the incredible achievements the Arab American community has made here in America.

For over a century, Arab Americans have been making valuable contributions to virtually every aspect of American society: in medicine, law, business, education, technology, government, military service, culture. Since migrating to America, men and women of Arab descent have shared their rich culture and traditions with neighbors and friends, while also setting fine examples of model citizens and public servants. They brought with them their resilient family values, strong work ethic, dedication to education, and diversity in faith and creed that have added strength to our great democracy. Arab Americans have also enriched our society by sharing in the

entrepreneurial American spirit that makes our nation free and prosperous.

Unfortunately, the history of Arab Americans in the U.S. has been marred by misconceptions, bigotry, and anti-Arab hate speech and violence. As such, Arab American concerns, such as civil rights violations, harmful stereotyping, and bullying must be combatted through education, awareness, and, if necessary our criminal justice system. We must all join together to see a peaceful and diverse society, where every individual is treated equally and feels safe.

Madam Speaker, the substantial contributions and rich cultural heritage of Arab Americans have helped us build a better, stronger nation for everyone. As someone who represents a significant Arab American population in my district, I am honored to help celebrate and recognize National Arab American Heritage Month here in Congress.
