

GAS
STOVES

Description

As our entry level gas stove, the S20 is the perfect solution for a smaller to mid-size living room. Its modern design blends well with a variety of décor, and its small footprint offers greater versatility in placement. It's available in IPI and can be vented top or rear.

Design Features

- Thermostat or remote compatible
- Ceramic log set
- Charcoal fluted liner
- Top vent / rear vent convertible
- Heavy duty heat exchanger
- 150 CFM variable speed fan
- ClearView Safety Screen
- IPI Valve

Westley - Antique Bronze

Westley - Painted Black

Description

The Westley's European cast iron outer construction creates a traditional aesthetic with modern accents. What really sets the Westley apart is its 180° viewing angle giving plenty of exposure to the high definition log set and stainless steel burner. The Westley is available in both a matte black finish or an antique bronze.

Design Features

- European made castings
- 180° viewing angle
- Heavy duty heat exchanger
- B-vent compatible (IPI)
- 130 CFM variable speed fan
- ClearView Safety Screen
- Ultra HD log set
- True to life flame presentation
- Multiple Finishes:
 - Painted Black
 - Antique Bronze

Stove Specifications

BTU Maximum Input - NG	29,000 BTU		
Turn Down	33%		
Heating Area	1,500 ft ²		
P4 Efficiency	67%

Description

The Westport Cast Iron is one of our most popular freestanding gas stoves. Its traditional design and cast iron outer construction provide a classy appearance. The Westport Cast Iron Gas Stove is available in a painted black matte finish or an antique chestnut porcelain enameled finish. It can be vented top, rear, and is also compatible with a B vent.

Design Features

- Remote thermostat compatible
- Cast iron outer construction
- Ceramic log set
- Quick release glass door system
- Top vent / Rear vent
- Optional B vent Adaptor
- Safety screen
- Optional 150 CFM fan
- Nova and IPI editions

Description

The S40 Freestanding Gas Stove offers a maximum BTU output of 40,000 making it excellent at heating large living spaces. It has a modern design and a 1/4" steel plate top. Instead of a typical burner tube layout, the S40 uses a ceramic log burner that blends in with the rest of the log set to create a more realistic appearance.

Design Features

- Heavy duty heat exchanger
- Thermostat or remote compatible
- Ceramic log set and burner
- 1/4" steel plate top
- Ceramic charcoal fluted liner
- 150 CFM variable speed fan
- Optional B vent adaptor
- ClearView Safety Screen
- IPI
