Dedicated, Personalize Service to all Agencies and Patients

Specializing in In-Home Physical Therapy and Occupational Therapy

PT Priority is a privately owned Home Health Physical Therapy company dedicated to serving our community. We have been in business for over 20 years and have a network of 30+ RPT's and PTA's. covering all areas of LA and Ventura Counties. All of our RPT's and PTA's have home health experience and are specially trained with advanced techniques to speed recovery and return patients to maximum functionality.

Now Offering OT in San Fernando & San Gabriel Valley's as well as San Clarita and surrounding area!

Building Successful, Long-Term Relationships with Agencies

Founded in 1995, we've built a large network of agency partners (we currently work with over 60 agencies) by providing excellent service, and always maintaining a professional and friendly "can do" attitude. Our new paperless, fully-automated patient management software provides agencies with 24/7 access to accurate and timely patient documentation so you can always be in compliance with Medicare rules of participation.

It's Our People and Our Dedication to Patient and Agency Satisfaction that sets Us Apart from other PT & OT Providers

- Our staff members understand the importance of professional and courteous service. If you or your patients aren't happy, we're not happy – we're committed to taking quick, proactive action to correct all issue
- Dedicated Case Managers for each Agency
- Extended Hour and Weekend in home visits
- Services are Provided in the Comfort of Patients Home
- Multilingual Staff
- Frequently Reassuring RPT/PTA and COTA Competency, Skills, and Performance

We Pride Ourselves on Delivering the Highest Level of In-Home Physical Therapy!

Post Operative Physical Therapy

Our specially trained RPT's and PTA's assist patients in regaining the strength and functionality they had prior to their operation or surgery. Our services make a real difference to home bound patients that are unable to have physical therapy performed in an outpatient setting.

Orthopedic Pathologist Treatment

We have RPT's that are trained in the rehabilitation of injuries, disorders and diseases of the body's musculoskeletal system. This system includes bones, joints, ligaments, muscles, nerves and tendons.

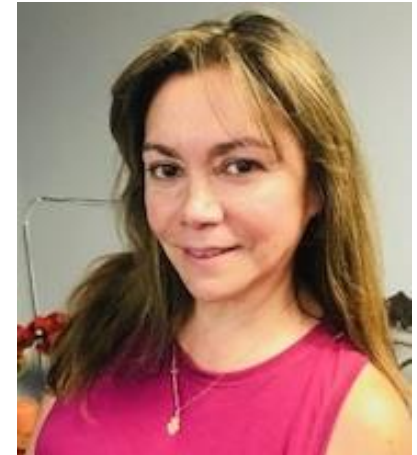

Neurological Treatment

Due to communication between the brain and other parts of the body physical therapy can be effective in assisting patients with brain and spinal cord diseases or neurological trauma. Our goal is to enhance the patients quality of life through improved motor skills which maximizes independence and enhances self-esteem.
