Carcinogenic, Mutagenic, or Reproductive Toxicant (CMR) Statement

Product: 906-3002 Oat Flour Superfine (SF)

Ingredient Nomenclature: *Avena sativa* (Oat) Kernel Flour

This document is provided by Ceapro Inc., based on information supplied by the manufacturer of **Oat Flour Superfine (SF)**. Ceapro Inc. has not independently verified this information, and all technical, regulatory, and performance statements remain the manufacturer's responsibility.

Based on the intended use and composition of Oat Flour Superfine (SF), CMR classification is not applicable. CMR requirements are primarily relevant to chemicals, cosmetic ingredients and industrial substances. The product contains cosmetic ingredients and industrial substances. The product contains food ingredients, such as oats, which are generally not classified as CMR substances under applicable regulations.

This product contains food-grade ingredients and is not considered a Carcinogenic, Mutagenic or Reproductive Toxicant (CMR) substance. Therefore CMR classification and related declaration requirements are not applicable (N/A)

Yours sincerely,

Emily Wong
Quality Manager,
Ceapro Inc., a subsidiary of COSCIENS Biopharma
