MICROPLASTICS AND NANOMATERIAL STATEMENT

Product: CP Oat Avenanthramide
CP Oat Beta Glucan Liquid

Microplastics

To the best of our knowledge and based on information provided by our raw material suppliers, the above products do not contain intentionally added synthetic polymer microplastics as defined in Annex XVII to Regulation EC No. 1907/2006 (*as amended by Regulation EU 2023/2055*). Based on raw materials and manufacturing process, we do not expect the presence of synthetic polymer microparticles in Ceapro's products.

The statement is provided without independent analytical testing and is based on information made available by our raw material suppliers and manufacturing processes at the time of issuance.

Nanomaterials

To the best of our knowledge and based on supplier documentation, the above products do not contain nanomaterials as defined in Regulation EC No. 1223/2009 Article 2(1)(k).

The statement is provided without independent analytical testing and is based on information made available by our raw material suppliers and manufacturing processes at the time of issuance.

Yours sincerely,

Emily Wong
Quality Manager,
Ceapro Inc., a subsidiary of COSCIENS Biopharma
