

# Level Up

CONNECTING YOUNG PEOPLE TO EDUCATION

*Learning  
On  
Country*

## About Us

Level Up supports young people 10-15 years of age who are known to the Cairns Youth Justice Service Centre and have been disengaged from education, training, or employment. DIYDG ensure young people are connected in educational and meaningful activities within our local community to foster the diverse ways of learning. Level Up's primary focus is to support young people to return to mainstream education or alternative learning providers.

Where young people are not suitable to return, Level Up have developed a range of lesson plans tailoring to the needs of each young person, with the aim of empowering exploration of future career paths. Young people will have the opportunity to develop their literacy and numeracy skills through music with our team from Naytive Mentorship.

Young people will explore their connection to culture through a range of activities facilitated by our team at Kunjur First Nations Men's Collective. The team will connect young people with elders who are keen to share their knowledge of country, culture and community.
