## ABOUT US

The Burn Brighter project in Cairns, QLD, is dedicated to fostering resilience and holistic well-being supports among displaced families. We provide culturally safe support and comprehensive care by engaging dedicated youth and family support workers to assist Aboriginal and Torres Strait Islander (ATSI) individuals and families affected by natural disasters.

Our philosophy emphasises the importance of addressing physical, social, and emotional needs, empowering families to access essential services, advocate for themselves, and maintain social connections.

By fostering stability, resilience, and community cohesion. Burn Brighter aims to mitigate the risk of crime and build a stronger, more inclusive Cairns Community. We are committed to helping everyone thrive and contribute to a safer, more connected community.

## HOW WE HELP

### Community Recovery

Providing support and resources to help families and individuals rebuild and reconnect after being displaced. We work closely with communities to ensure a smooth transition and sustainable recovery.

### Life Skill Building

Empowering individuals with essential skills for everyday life and future success. Our program focus on practical training and personal development to enhance independence.

### Cultural Resilience

Strengthening cultural identity and practices to enhance community resilience. We celebrate and preserve cultural heritage through various activities and educational initiatives.

### Holistic Well-Being

We encourage practices that embrace physical, spiritual, social and emotional well-being by promoting a balanced lifestyle deeply rooted in tradition.

### One-On-One Mentoring

Offering personalised guidance and support to help individuals achieve their goals. Mentors provide tailored advice and referrals to encourage personal and professional growth.
