

2025 PERSONAL INCOME TAX RETURN CHECKLIST

TAXPAYER'S FULL NAME: _____

SOCIAL INSURANCE NUMBER _____ DATE OF BIRTH (MM/DD/YY): _____

This checklist is intended to assist you in assembling information necessary for us to plan and prepare your 2025 personal income tax return. This checklist is not exhaustive, but it is intended to cover the most common personal tax situations. Please complete carefully, signing the bottom of this page and enclosing the information and slips requested.

We will prepare your T1 General Income Tax and Benefit return based on information contained within the following checklist and on supporting information that you provide in the form of schedules, tax slips and discussions with us. We will not attempt to verify the accuracy or completeness of such information. The responsibility for filing "true, correct and complete" tax returns on or before the due date rests under law with the taxpayer against whom any liability or penalty for failure to file proper returns will be assessed. It is therefore important that your return be examined carefully to ensure that it is "true, correct and complete" as must be certified when you sign it.

When providing information slips, please keep in mind the filing deadline for slips to be provided to you by the relevant payors is February 28, 2026, for T4 (employment), T5 (passive income), and similar slips, March 31, 2026, for T3 (Trusts) and T5013 (Partnership) slips.

We have noted over the past few years with mailing and delays that slips are usually received one or two weeks subsequent to this period. Accordingly, should you have any investment income please keep these dates in mind and provide information to us after the relevant dates. Also, please try and provide all of your information at once rather than sending multiple emails as it is more likely that information may be missed with multiple submissions.

You can forward your electronic information (pdf's, images, checklist) to us securely using **e-courier**. Please double click the red e-courier logo found in my signature block of my emails and you will be redirected to a secure website that will allow you to upload your electronic information for a safe and secure encrypted transmission.

Should the return not be filed by the appropriate due date (**June 15, 2026** – self-employed individuals or **April 30, 2026**, for all other taxpayers) late filing penalties may be levied by Canada Revenue Agency ("CRA"). All taxpayers must pay any outstanding tax liability by **April 30, 2026**, otherwise interest charges will be levied.

False statement penalties may also be assessed when a taxpayer knowingly, or under circumstances amounting to gross negligence, has made or has participated in, assented to or acquiesced in the making of, a false statement or omission in a tax return.

Expenses may be deducted by taxpayers when allowable by law, reasonable in the circumstances and supported by appropriate receipts and documentation. Any denied expenses resulting in a tax balance may be subject to late filing penalties and interest. Tax filing positions that you take and that are viewed by CRA as aggressive may be assessed with late filing penalties and interest on any resulting tax, as well as false statement penalties, for which you will be liable.

I acknowledge and accept the above.
