

## SYLLABUS FOR THIS WEEKENDS CLASS

Hours: 9 a.m. to 6 p.m. on your scheduled day. We will start promptly at 9 a.m. and plan on being here for the entire 9 hours. Ohio law requires 6 hours of instruction and two hours of range participation.

Come prepared for a long day. There is a water cooler and fridge on site. Bring snacks if you'd like.

We will take breaks at least hourly. There is a bathroom on site.

We will take a 45 minute lunch at noon or later...you can bring your lunch and eat here or there are two nice affordable restaurants and a deli here in town.

All materials other than firearms/ammo/lunch are provided.

You should bring a minimum of 100 rounds of appropriate ammo. Your firearm must be in good working order and unloaded when brought into my facility. The first half of the day, you will only need your firearm and one magazine (empty). No ammo will be allowed in the classroom! Remember Ohio laws regarding transporting firearms and ammo in a motor vehicle. The firearm must be unloaded and separated from the ammo by a lock!

Firearms are available for rental...\$10/per person. You must purchase/use my ammo. I currently have 22 LR, 380 auto, 9 mm, and 45 auto firearms to rent. Ammo prices vary by caliber but prices are always fair at Hightechrednecks. Sharing of firearms is discouraged but not forbidden.

You will need to visit my two websites before class. You can "cut and paste" these underlined addresses into your browser.

<http://hightechrednecksonline.com> and familiarize yourselves w/ the rules and regulations regarding handgun calibers and permitted ammo.

<http://www.ohioattorneygeneral.gov/Law-Enforcement/Concealed-Carry> and in the publication section, review the laws governing concealed carry in Ohio before class.

I accept cash, credit, and debit as payment. No checks please. Expect extra fees w/ credit/debit (7-10%).
