- Is this a renovation or new construction?
 - If new construction, what phase is the project in?
 - Are the walls currently up? Yes No
-

Notes, Limitations & Special Conditions

(uneven walls, tight clearances, flooring changes, etc.)

Kitchen Sketch

Draw a simple top-down layout of your kitchen and label all measurements. (Does not need to be to scale — clarity is what matters.)

What Happens Next?

Once submitted, a **Cabinetry Pros Direct designer** will:

1. Review your measurements and selections
2. Clarify any missing details
3. Create a custom cabinet layout and quote

Final measurements are always verified before ordering.
