

### *Infinity Church Covenant*

The Infinity Church Covenant is between all who consider themselves a part of our church family. Everyone is welcome to attend any of our gatherings. Becoming a part of the Infinity family involves a heartfelt and serious commitment to God and to one another. What follows is that commitment.

God has led me to become a part of the Infinity Church family, and I am familiar with and committed to the *beliefs* and *mission* of Infinity Church. I have been saved and baptized by immersion following my conversion experience. In becoming a part of the Infinity family, I make the following commitments to God and the church family:

- It is my desire to *Applaud* God and live out my life by the priorities set by Jesus Christ: love Him with all that I have (*passion* for Jesus) and love others as myself (*compassion* for others). I am committed to discovering and pursuing the practical implications of those priorities.
- I am committed to *Abiding* in Jesus by developing and practicing basic disciplines in my Christian life including the integration of Bible truth, meaningful and meditative prayer individually and jointly, fellowship and corporate worship with other believers, sharing Christ with unbelievers, and service and ministry to all.
- In carrying out the above priorities I am committed to being an *encouragement* to others and living in *harmony* with others in the Infinity family.
- I am committed to *Advance* God's kingdom through the faithful giving of my financial resources in a regular and cheerful manner to carry out the ministries of our church. I am committed to *Advance* God's kingdom by finding an active place of service within our church, and serving wholeheartedly.

After careful and prayerful consideration, I sign this covenant as a testimony between myself, God and my fellow believers, believing that God has led me to join the Infinity Church Family.
