Congratulations! You have finished a comprehensive test of the Bible. Please grade your test with the answers found on the website: www.finish-the-race.org or by asking for one to be mailed to you. Since it was an open book test it allowed you to test your knowledge long before we get the graded test back to you.

How did you do? Working with students will test your Bible knowledge in every corner of life. They have questions and you can have answers for them. If you found yourself learning the answers as you went along or guessing I would highly recommend that you start some kind of systematic Bible Proficiency program. Hearing sermons and private devotions are seldom enough to prepare you for the realities of youth ministry.

Let us know if you think you could use some help and we will send you some suggestions on how it can be done and whom you can contact for help. Use the remainder of this page to give us your input.
