

The Salvation Bracelet Project

Cut a string 14" long which is long enough for any wrist size. 2mm cording works best because you can use one large knot in the middle. Add the beads in this order, one each, Black-Red-White-Green-Yellow (gold). Once the beads are in order then tie another large knot to hold them on. Pony sized beads work best.

Black- stands for the impact of sin (Romans 6:23) and the horror of being lost (Luke 19:10). If the audience is dark in skin color, don't use the word black, but explain that "this bead stands for the darkness of night, of being lost without a light, of not knowing God's love."

Red- stands for the impact of Christ's sacrifice (Hebrews 9:22). Forgiveness only comes when there is a full payment for the sin that was committed.

White- shows the impact of Christ's blood on our darkened hearts (Isaiah 1:18). When we confess our sins (1 John 1:9) and turn from our sin we have the opportunity for a clean heart and to live in the light not the darkness (1 Peter 2:9).

Green- shows the impact that Christ's grace can have on the rest of our lives (2 Peter 3:18). We are saved by grace for good works (Ephesians 2:8-10) and will live the rest of our lives growing like a fruit tree with fruit for all around us.

Yellow- shows the eternal impact of following Jesus; heaven (Revelation 21:21). We begin to follow Jesus here but we will have heaven to look forward to as well where the streets are paved with gold.

You can add more beads but you need to keep the message simple enough for you to explain it well. It will also become a witnessing tool for those who accept Christ and want to tell their friends and families.
