Before we dive into specifics

- 1- Effective Outreach Strategies means that it works in the overall realities of Evangelism. Outreach is not just effective when you see someone come to Christ but when you can be involved in the process that leads to that end point, whether you see it or not.

**1 Corinthians 3:6-8** I **planted** the seed, Apollos **watered** it, but God has been making it grow. So neither the one who **plants** nor the one who **waters** is anything, but only God, who makes things grow. The one who **plants** and the one who **waters** have one purpose, and they will each be rewarded according to their own labor. You must be able to be encouraged by the joy of obedience not the joy of results.

- 2- You have to think NET fishing, instead of a pole and one hook.
- 3- Each demographics and culture, has, different openings for the Gospel presentation.
