Date: April 18, 2017

Mr. President, I first wish you and your family much Joy.

Once again this country has presented itself with certain inalienable and mutually exclusive sets of events. Never before have we witnessed two miracles happen so close together and each unique to their charge, in the same decade! It is your time President Trump, you were chosen to represent. Too represent our country and navigate us through the most exciting and dynamic change phenomena, to date. How do we heal our people from inside out? We must solve what are the most extreme challenges and depend on each other to develop in-kind solutions, in real time.

President Trump, I took the liberty to write to Secretary Carson and Mr. Carl McMillon, President and C.E.O., of Wal-Mart. As it stands, Mr. McMillon's representative has made contact and I have yet to hear from Secretary Carson. Enclosed in this communiqué are the copies of the letters to both Mr. Carson and Mr. McMillon; also, the aforementioned men each received a copy of each other's letters. I used this form of communication because these two men house, feed and clothe the lower and middle class of our country, in which you kind sir are the President. We must decide what we are going to do. DSIDE, Demand Side Illegal Drug Elimination (DSIDE™). Please peruse the enclosed letters and if you're ready to "win again" we can begin.

Sincerely I am,

Richard A. Caruth
