

CMPC Court Rules

August 01, 2020

1. Introduce yourself to the opposing players if you have not met them before.
2. If they are not a CMPC member, take the time after the game to tell them the benefits of CMPC membership (CMPC member only Open Play, Round Robins, tournaments, etc.)
3. Follow the suggested court Etiquette guidelines on the CMPC website.
4. After the game, commend play to all players regardless of the score.
5. During CMPC Open Play, if any players are waiting to play, announce the open court so others may work into your court.
6. If no players are waiting, continue to play. If one or two are playing, winners may stay on for one more game and one or two rotate out to wait for another open court. If four are waiting, all players leave the court and four players rotate on to the court.
7. Use the north or south entrances to move from court to court unless play between courts have stopped and players are rotating to another court.
8. Have respect for your fellow pickleball players. Everyone at the courts is there to play regardless of skill level. Be the teacher and the mentor.
9. No profanity on the courts.
