

JB Exceleration LLC
Security & Electrical Wholesale

New from JBE!

Your MBE source for electrical & security products

Starco & RET Lighting

- LED Tube replacement
- UL Listed Fast-Fuse
- Full fixture line
- Economical

Starco TLED Tube replacements

[Starco](#) is an industry-leading LED Tube replacement with the lowest failure rates of any brand. If you are not interested in replacing your fixtures, Starco is a great way to upgrade to LED without changing the fixture. Retrofits available for T-12, T-8 and T-5.

Gold Series TLED

The Gold series TLED Lamp inherits Starco's traditional shatterproof gene. The lamp is made with UV-resistant extruded polycarbonate and enables Starco's TLED lamp to be ductile and durable at up to 175 lumens per watt. Our robust electronics withstand extensive voltage surges and perform under heavy duress and high ambient temperatures. This product works with Starco's innovative Fast-Fuse socket kits, which delivers a quick and easy installation.

RET LED Lighting

RET Lighting is your source for economical LED Lighting. Stocked in Buffalo, NY, this is a great way to update your lighting to LED without breaking the bank. Call us for an energy audit or lighting layout calculation.
