Stuff arms almost to stitching line. Machine stitch arms on stitching line.

EYES: Double thread long doll needle with black buttonhole twist. Measure 1" out & 3/8" up from nose point on each side. Put straight pin in for eye markings. Needle goes in at one eye marking and comes out at other eye marking. Go in & out 2-3 times, pulling slightly to indent. Tie off.

MOUTH: Measurements for points B, C, D & E... Measure down from nose point A 1 1/4" & mark with pin for point B. From point B, measure 1/2" over & 1/4" down & mark with pin for point C. From point C, measure over 1" & 3/4" up & mark with pin for point D. From point C, measure over 1/2" & 1/8" up & mark with pin for point E. Repeat measurements on other side for points F, G & H.

Take 1/4" stitch across D for smile line as shown. Poke needle back over to G. Repeat, making smile line. Go in & out between D & G, pulling slightly to indent. Poke needle back thru to A and tie off.

EYES: Stitch eyes in place. Glue 3/8" piece of eyelash under buttons.

False eyelashes or craft eyelash strips can be used. You can order the craft eyelash strips from Luv 'n Stuff.

TONGUE: Glue tongue in place.

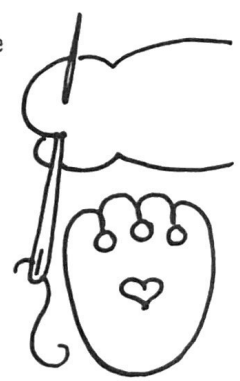

NOSE: Run hand gathering stitch around outer edge of nose. Place small amount of stuffing on nose & pull up to make a ball measuring 5/8". Stitch to face at point A.

WHISKERS: Double thread needle with buttonhole twist. Take tiny stitch in face, leaving 1 1/2" end hanging. Take another stitch over 1st stitch, leaving another 1 1/2" end hanging. Trim. Repeat for other side.

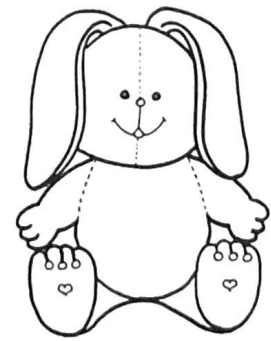

FINGERS & TOES: With double thread, poke needle thru from back to front, wrap over seam edge. Repeat, pulling thread to indent. Poke needle thru back & over to next dot. Make 2 indents on hands & 3 on feet. Glue pads to bottom of feet.
