Relationship to Other UPAC Terms

UPAC maintains four categories of Terms & Conditions that govern its relationships with customers, suppliers and account holders:

1. Customer Terms & Conditions
2. Credit Account Terms
3. Supplier Purchasing Terms
4. Hire Terms

These documents operate together as UPAC's unified contractual framework. Each set of terms applies according to the nature of the transaction or relationship. Where more than one set of terms applies at the same time, they must be read together.

UPAC may also publish summary versions of certain terms on its website for general information only. These summaries are non-contractual and do not replace the full terms provided directly to a Customer. If there is any inconsistency between a website summary and the full version of the relevant terms, the full version prevails.

- The client is responsible for loss or damage (excluding fair wear and tear).

3. Insurance & Damage Waiver
