To whom it may concern;

I would like to take the time to recommend Mario as a real estate agent for your property. He is an aggressive salesman with the personality of politeness and sincerity, honesty and sensitivity . He sought my son out who lives in Thailand, when our property did not sell with another agency.

He came to our home with a detailed plan of action as to how he would market our property. It was a very extensive campaign that he would pay for himself. He was always attentive to my concerns and kept in touch. I cannot say enough positive about this realtor.

The outcome was a positive sale that met with my complete approval

The only other thing I can say to you as a seller don't let Mario get away. He is a great realtor.

Sincerely

Carol Moxley previous seller

"Thank you" sounds too simple for the time and effort you put into selling our family property, for always keeping in mind that this was an emotional as well as financial experience. You kept your word from the beginning about advertising and listing our property in many different listings and publications. One of the most important things you did was to keep us informed of interest and potential buyers. The many late evening and weekend texts were much appreciated.

We had listed the property previously with two different realtors over a period of two years. We rarely heard from them and effort seemed minimal. Thank you for making the sale happen of our "unique" property.

We will gladly recommend you to others!

Goodday, I am wanting to express my deepest appreciation to Mario Gattavara. I had my property on market for over a year with Local Realtor who did virtually nothing to sell it. I did not know Mario or his team Mario had reached out to me and I'm so glad he did, if it wasn't for Mario and team my property would still be sitting idle. Mario did exactly what he said he would do, and within days of listing I had a contract on my property. If you want to get your property sold please reach out, or give Mario a chance I promise you he will make it happen. Have a great day.

"I have been working with Mario Gattavara for well over a decade. It has been rewarding beyond compare. Mario is aggressive in meeting the needs of his clients, and in finding solutions to complex problems and situations. In my opinion, as a result of several transitions, many very complicated, he is one-of-a-kind. Additionally, every single transaction that Mario has been at the helm of, has been profitable, and he has managed that in a very challenging real estate market. I would never consider another agent"

Re: Letter of Recommendation

My husband and I bought our first home through Mario Gattavara in 2011. Since then, we have completed numerous projects with him and his team and recently had him sell our home. The professionalism, in which Mario treats his clients and the task, cannot be compared.

He went above and beyond, made sure we were comfortable, well informed, had professional photos taken, invested in our property with his own money and got us top dollar for the sale of our home. Honesty and integrity are two words that come to mind and there is no other realtor we would rather work with.

Respectfully,

Dear Mario,

I wanted to thank you for assisting me with the sale of my property. You are an incredible Realtor and you were an absolute pleasure to work with.

I have had my property on the market with other Realtors for years and I have never had any luck with a sale, not to mention every Realtor wanted to continue to lower the price on my property. Prior to you contacting me I was frustrated and was just going to take my property off of the market. However, after talking to you I felt encouraged and I sensed that you seemed to have the integrity and positive attitude that I had been looking for in a Realtor.

I was also thrilled because not only did you not advise me to mark the property lower, but you encouraged me to mark it a bit higher as you felt that it had more value than it was previously listed for.

Within three weeks of signing with you you had a cash buyer. Again, this never happened in all of the years that the property was on the market.

You are absolutely remarkable and I will recommend you to everyone I know. Your office is very fortunate to have you representing them!

Sincerely yours,

Vel Mathews

Hi Mario

I would like to thank you for all your hard work in assisting us with the sale of our property. We reached out to several realtors prior to finding you and they did not appear to be interested in our situation. You took on the project with a vigor and aggressiveness that not only ended in the sale of the property but an equitable deal for all involved. I would most definitely refer your sales group to both family and friends.

Have a great day

To whom it may concern: For all of whom are stressed out over selling a home or property there is a light and the end of the tunnel. My wife and I had our property listed on the market for several years with no luck, then I found out about Mario Gattavara.

I listed my property and in just a short time it was sold. Mario kept me informed at every turn and he was always available every time I reached out unlike my other realtor! He took the time to have great photos taken and many things to market the property like it was his own! I would use him again if the situation ever arises. I would definitely recommend him to family and friends and anyone else that has problems and has lost hope in other realtors. So don't give up, just find the right person for the job, and that person in my opinion is Mario!! Thank you Mario!

Dear Mario,

I wanted to take this time on behalf of my mom and my sisters to thank you for all you did to get her property sold in a timely manner. Not only did you get the job done, you were extremely professional, knowledgeable and trustworthy. It was a delight to work with you and I would recommend your services to anyone looking to purchase or sell. Never once did you discourage us in the selling process as others before you had. You knew the area and were able to quickly put a buyer in contact who was looking for a particular 40 acre parcel of land with a home. I wish you well in the future.

Sincerely,

Mario I am writing this note to tell you how much Clara & I admire the great job you did in selling our home in Magdala. We had our place with other realtors for over 3 months with little success. Then you took over & did a good job. I sold it at above the asking price in just 2 weeks. I don't think we could ever thank you enough for way the final results could be any better. We would recommend you to anybody interested in buying or selling a home.

Dear Mario and dear Kimberly.

Thank you so very much for the great job you have done selling our house.

It seemed that we just could not interest any buyers for six long months. Then you called. We are still amazed how fast and efficiently thing unfolded. We signed with you on Thursday afternoon, Friday we received 3 (THREE) calls to show the house on Saturday, and on Monday we had an acceptable offer. It all went so fast, our heads are still spinning. Your presentation of our property was great. And not only did you sell our house in record time, you took the time to help us find a property 100 miles away for us to move into.

We are very happy with our new home, and appreciate all you have done for us.

We wish you the very best for your future. If you are ever in our neck of the woods please stop by.

Sincerely,

To whom it may concern,

When my husband and I decided to move to Idaho we searched for a realtor to sell our properties. We signed up with a realtor who did absolutely nothing in the way of trying to sell our home. We found Mario by way of snail mail. We were so impressed with the brochure he mailed us that we gave him a call and signed up with him. He gave us that personal attention that you would hope a realtor would show you.

We haven't looked back. We have been so happy with his professionalism and personal caring that we tell all our friends and family about him. He has sold for us numerous properties that we had

We absolutely love Mario Gattavarra. He goes above and beyond to sell property.

Dear Mario Gaitavara,

I very much want to thank you for your helping me buy my beautiful home. You always went the extra mile for me and any difficulty that arose seemed to disappear due to your seeing to it immediately. Your professionalism and honesty along with your genuine concern for me as a buyer made my experience of buying a home one that could not have been any better. You were there for me always and even after the sale was completed you gave of your time and expertise to help me willingly. I would and do recommend you to others without reservation, knowing that they can't do any better than having you as their agent.  
So, thanks again,

Sincerely,

To whom it may concern:

It is with great pleasure and sincere gratitude that I highly recommend Mario and Kim Gattavara

I have bought and sold several homes over the years and I've helped my daughters buy and sell their homes and we have had some exceptionally good realtors. But Mario and Kim are examples of Extreme Service!

Our first encounter with extreme service was when Mario, representing another buyer, was looking for a home with acreage for his client.

Together they had exhausted the multiple listings to no avail, so Mario went looking for what his buyer described. Our home in the country was one of several Mario thought might work well. Mario approached us very professionally and indicated that he had a person that may be interested in our property.

I was a little leery of this tentative offer out of the blue.

Mario addressed all my concerns and put them to rest. We had a written offer the next day and entered into escrow the following day. Extreme Service!

Mario and Kim's Extreme Service was put into action once again throughout the process of finding and purchasing our perfect home. Correctly priced, great homes in good neighborhoods are in high demand and when one comes onto the market it usually goes quickly.

Mario and Kim scoured our market area and showed us numerous homes.

The day our perfect house came onto the market Mario showed it to us, and we along with several other people made an offer on it. Our offer was competitive and Mario knew we were "all in". Mario and Kim did not wait for the acceptance or denial of our offer: Mario and Kim represented my wife and I to the owners of the house and their realtor as people who wanted to take care of their home, rather than just "buyers".

Somewhere in that final process Mario and Kim again reduced their commission, making our offer more attractive, and closed the deal that same day and we began a short escrow. That my friends is another example of Extreme Service!

I highly recommend Mario and Kim Gattavara for any and all Real Estate transactions.

Sincerely and respectfully

Tom and Bobbie O'Connell

When I purchased my property a few years ago, Mario represented the seller in that transaction. When I decided to sell the property, I chose Mario over my existing agent because I felt his knowledge and experience was superior. And I was right! He has absolutely delivered in every aspect of the real estate transaction. I have bought and sold multiple properties over the years, and a competent, knowledgeable, and professional agent can save you thousands of dollars.

There's a reason why Mario seems to be a top performer year after year, he gets the job done! Without reservation, I would recommend Mario to take care of your real estate needs.

Mario & Kim,

I am so happy beyond words. My thanks can not be expressed enough. As you know, my late father was a real estate Broker. One who went above and beyond to make things happen for his clients. I think you would of gave him a real run for his money. :-)

After our ranch sat on the market for two years with different Realtors, I was giving up our last bit of hope for mom and I in getting our ranch sold. I broke down in tears asking my father for help in our prayers. I feel he was looking down on us. I am not usually superstitious, but I sincerely feel he was looking down on mom and I here. You and Kim are so wonderful. The excess efforts not only with selling our place, but finding us exactly what mom and I so desperately needed in a replacement property to simplify our lives came together. I love our new place with every new day here.

The process took way too long. I only wish we would of called you in the first place so the two prior years would of been eliminated. But on the positive side, if that were the case our new home we so love, would not have been for sale two years ago. With this said, I really do feel everything happens for a reason, and that reason ended with you selling our ranch and making it all come together. Mom and I love our new place more than you will ever know, and we are grateful more than you will ever realize. Mom is getting so frail in her age, and I do not think we could of lasted up there taking care of that ranch for another season.

You and Kim make a great team and I will be calling you as discussed in the next 5+ years when I move to Oregon. My father would turn over in his grave if I called anyone else!!! You were a god sent. You and Kim. Both of you Wonderful!!!

With love and sincere appreciation,

Dear Mario J. Gattavara:

I would like to take this opportunity to express my sincere appreciation for your assistance in selling my properties this year. Working with you has been absolutely fantastic! Your willingness to hike through wooded acres of land in order to intelligently understand the diversity of parcels is quite impressive.

Moreover, I am especially grateful you never gave up on selling my properties. Naturally, in the real estate business some properties are harder to sell than others. It is most reassuring to have a real estate agent like you because no matter what the challenges are, you are prepared to deal with them effectively, efficiently and thoroughly.

Mario thanks again for everything! It is refreshing to know there are still a few honest, dedicated and assertive real estate agents I have known. Keep up the good work, and best wishes for continued success!

Sincerely,

Gerald

By the way...

I am very happy with the work you have done and I will recommend you highly to anyone who will listen to me! If you ever need a reference, have them call me! As you promised, you worked very hard, advertised extensively, and kept in touch with me - and that's fantastic especially in light of the fact that you aren't making very much on this deal. I wish you had found me before the other agents I used. That post card you sent was a good idea - especially in my case. I saved the post card in the mail that came from you "just in case" - the "just in case" happened.

Thanks so much.
