

PREP ACADEMY TUTORS MONTREAL

LEARN 'N PLAY CAMP

Prep Academy is happy to offer backyard / park camp activities, led by fun, engaging and experienced counsellors!

From Sports to Scavenger Hunts to Science Experiments to Crafts, try our Learn 'n Play Summer Camp for Kids.

The background of the entire page is a photograph of a desk. On the desk, there are several drawing supplies: pencils, pens, and markers in various colors (blue, orange, green, grey). A hand is visible at the bottom, resting on a piece of paper with a drawing of a house. The drawing shows a house with a chimney and a window, with some lines indicating a garden or path. The overall scene is bright and focused on creative activities.

HOW IT WORKS?

Based on the kids' interests, we will offer everything from science experiments, scavenger hunts, sports drills, arts and crafts, and drama, to relay races and more. If kids are loving one activity, counsellors are advised not to change it, as we want the kids to have fun and let loose this summer, not adhere to a strict curriculum. Ages 4 + (for younger kids, we have other options).

There will be a maximum of 6 students per counsellor, from max 3 families (as mandated by the government). Each session will be customized with specific activities designed to appeal to every kids' particular interests. There is no time commitment, just a 12-hour cancellation policy.

The charge is \$20/hr per family, with a minimum of 3 hours, (9-12 or 1-4). Parents can choose to add hours according to their preference.

On rainy days, no one is permitted to go inside and lessons will be cancelled. Furthermore, counsellors will be assigned to one group for the duration of the session, rather than hopping from house to house to avoid contact with too many families.

If the sessions take place at the park, then parents will need to drop off / pick up their kids

* PRICING VARIES IF ONLY FOR ONE FAMILY. CONTACT US FOR MORE INFORMATION.

EXAMPLES OF PREP COUNSELOR

JULIA LANGLEBEN

Julia is completing her DEC in Dawson's Pure and Applied Science Program, where she is on the Dean's Honour List and during which time she won the Marianopolis College Science Award at the Montreal Regional Science and Technology Fair.

She graduated from Herzliah High School's Science Program, on the Distinction Honour Roll, during which time she received the Meyer Steinmetz Lev Tov Award, an award for cultivating positivity in school and within the community. She also holds her Certificate of Merit, an award for outstanding overall achievement in High School.

Julia holds her Piano Secondary Studies Diploma from the McGill Schulich School of Music, with a Distinction Certificate of Success for study in piano.

At Camp Massad, Julia was the Unit Specialist for children ages 7-12. She is currently the Program Counsellor at Shaar Hashomayim where she runs weekly educational programming for children ages 7-12, planning engaging activities to educate children on the importance of community.

She has worked as a tutor both privately and for Jewish Academic Student Support in math, science, English and Hebrew, for both Elementary and High-School students. At the Friendship Circle, Julia created and planned activities for children and young adults with special needs, and was voted 'Volunteer of the Month'. On the Diller Teen

Fellowship, she participated in a year-long leadership and community service fellowship.

As an Environmental Club member, she organized awareness activities in school for environmental conscience, and on the anti-bullying committee, she organized recognition activities for teens. Julia also volunteered at Ambulance St. Jean as a first-aid responder and medical caretaker at Montreal-wide events, and at CHAI Lifeline Canada in support of children with terminal illnesses.

Julia loves working with kids and exhibits patience when explaining difficult concepts,

creativity in a range of activities, and an overall love of learning, combined with having fun.

Training and Certification:

- Standard First Aid Certification, Ambulance St. Jean, Montreal QC 2019-present
- Certified for general First Aid, CPR level C, and administration of AED.
- WHMIS Certification, Lady Davis Research Institute, Montreal QC 2018-present
- Certified for laboratory safety according to CNESST Quebec.
- Bronze Cross Certification, Lifesaving Society, Montreal QC 2017-present
- Certified for emergency management, CPR and administration of an AED.

ANDREA TUTINO

Andrea currently attends Concordia's John Molson School of Business. He attended Upper Canada College for Grade 12 and graduated from Loyola High School (Honour Roll) before that.

His specialties include all subjects at the Elementary level, and math and science at the High School level. He worked as a tutor at Edinburgh Elementary School, helping students from Grades 1-6 in both English and French, as well as with general homework help. He has tutored privately for years.

An avid believer in community service, Andrea volunteered on a Dominican Republic Humanitarian Trip, rebuilding houses, and both organized and executed his school's Drive to Zambia, which provided school supplies to students in need.

Andrea worked as a Lakeshore soccer referee for kids aged 14 and under, and as the Lakeshore soccer coach, he taught soccer skills to kids aged 6 and under. At Wingym Coach, he coached children aged 2-3, and at Beaconsfield Summer Camp, he supervised children aged 6-10. He has worked as a babysitter for years (3+).

At Upper Canada College, he was the Junior Varsity Assistant Captain. Aside from Double Letter Lakeshore Hockey, he has played soccer and lacrosse.

Andrea's genuine love of teaching kids and inspiring creativity, results in a relaxed atmosphere in which students feel comfortable.

ANNA CHUPRUN

Anna recently completed her DEC from Dawson College in Liberal Arts (honors) and will be attending McGill next Fall to start her Bachelor of Arts, with a double major in Political Science and English Theatre. In addition, Anna was a member of Dawson College's Model UN team.

She works as a teaching assistant and camp counselor at the Segal Centre for Performing Arts, where she coordinates theatre activities for children while ensuring their physical and emotional wellbeing.

Her specialties include English and History (Elementary and High School), and Elementary Math and Science. She has both tutored and babysat privately for years, including children aged 3-12.

She tutored students at Royal West in English, math, science, French, History, and geography, while maintaining contact with parents and teachers on the student's progress.

Her love of kids combined with her experience in teaching and activity coordination will create a fun and comfortable environment for all children to learn and grow.

A young girl with dark hair is running through a field of tall green grass. She is wearing a light blue shirt, dark blue shorts, white socks, and brown shoes. The background is filled with the branches of a tree covered in white blossoms, creating a soft, bokeh effect. The scene is bright and sunny.
