

Pledge

I, Terrance Power, hereby pledge that if I am elected to the Florida House of Representatives in November 2018 to represent Florida House District 64, I will donate all net income received by me from the State of Florida as compensation for my services as a Representative to various 501(c)3 charities of my choosing that operate within the district.

I call on my fellow candidates to take this same Pledge in order to serve the best interests of our constituents instead of our own.

Executed this 21st day of November, 2017.
