

Your Alexis Heights Board of Directors Pledged a \$250 donation to Opportunity Village, and President Andrew Bell put the challenge out to each our vendors to match our contribution.

As always, the Alexis Heights Family stepped up to accept that challenge! Your Alexis Heights Unit Owners Association will be donating \$1000.00 combined in partnership with our vendors, to Opportunity Village, empowering amazing individuals with disabilities to feel more connected and a part of our Las Vegas Community! A very special thanks to our partners:

It's inspiring to have such great community partners, each of which were willing to step up and match our donation to make a positive impact in the community! Times are tough, and we all recognize that, but making a small, positive impact in the community is what Alexis Heights has always been about!
