CAUTION

If you are looking at this catalog because you...

...read or watched Fifty Shades of Grey and are enthusiastic about starting your own BDSM collection,

please understand there is a LOT more to BDSM than what Ms James broached in the series. BDSM is an intimate form that relies on communication, safety, and trust. BDSM is more than tie-ups, butt plugs, and braided hair. We implore that before adventuring into this life style, you & your partner have explicit, open conversations to make sure expectations are clear. Because we offer items for those just starting out to those enhancing their dungeons, there may be things in here which may be unexpected.

...are looking to expand your BDSM collection,

this is where you'll find everything from fuzzy cuffs to things that will help you continue to build your dungeon, or even find something that will excite those with a higher pain tolerance. If there is something you're looking for you do not find here, please speak with your Pleasure Specialist, as we may be able to obtain it for you.

Please note: Simple Pleasures, its distributors, and/or Pleasure Specialists, cannot be held responsible nor legally liable for any negative repercussions based on your choices or the choices of your partner. We advise to always be safe, be educated, and make sure all materials are being used according to manufacturer's recommendations. Failure to do so may result in loss of trust, bodily harm, or death.

Total Deprivation

This exquisite leather hood features internal pads over the ears, eyes, and mouth areas to block out sound and light, as well as provide a more snug and comfortable fit. There are three sturdy, adjustable sizing straps with lockable buckles; one at the collar and two more surrounding the head. The collar sports three heavy duty metal D-rings that allow you to attach additional bondage gear as your set up requires. Contrasting tan lacing runs from the top of the head to the nape of the neck, and a soft leather inner panel prevents hair from becoming tangled in the laces. A grommeted metal opening in the front of the hood allows your slave to breathe. With their other senses dulled, your sub will have nothing to do but focus on the pleasure or pain that you allow them!

Canvas Strait Jacket

We took a look at the traditional tan-leather-on-cream-canvas straitjacket and made a few design changes with our clientele's needs in mind: with black leather straps on black canvas with contrasting silver buckles, and a more

stylish cut than institutional straitjackets, it maintains its functionality while boasting a sexiness suitable for any fetish club.

The leather straps are strong enough to stand up to a few hand washings, even a few machine washings. Keep in mind, though, this may affect the look of the leather. \$412.00
