INTERNATIONAL OVERDOSE AWARENESS DAY

Together We Made a Difference

Last year, thanks to your support, we collected and safely disposed of **over 600 pounds** of unused or expired medications, a huge step toward protecting our families and community. This year, let's aim even higher!

DRUG TAKE BACK

Cleaning out your medicine cabinet helps prevent misuse, accidental poisoning, and environmental harm. Bring your unused medications to our Drug Take Back and help keep our community safe.

CANDLELIGHT VIGIL

This year's Candlelight Vigil will feature a speaker panel, Conversation Corner, and a calming wellness space to encourage healing, hope, and community support.
