- 12:30p Departure

Notes

- Copper Cactus Ranch is clothing optional – that means you can be nude anywhere on the property (accept near the entrance at the gate). NO ONE will be forced or coerced to be nude if they do not wish to be. However, for those who are new to nudism, a disrobing ceremony with your brothers lovingly assisting you out of your clothes will be available. At the very least, please wear loose, comfortable clothing.
- The evenings are cool this time of year – plan on layers. (Being nude outside is great! Being nude and cold? Not so much!)
- Altar items: We'll be creating an altar for our weekend together. Please bring meaningful objects, pictures, or whatever you'd like to add to this.
- On the fourth day we'll be doing a process that requires a picture. Please bring a picture of yourself as a boy, preferably between the ages of 3-6 years old (If one is not available for whatever reason, bring along a picture that represents you).
- Note paper, pens and all other supplies necessary will be provided for you
- Remember to bring any necessary medications you need for the weekend (refrigeration is available at the facility should you need to use it).
- Requirements for participation:
 - You must self-identify as a male
 - Be at least 21 years of age
 - A willingness to be open to stretching your limits (no one will be asked to do anything or experience anything in which they are not willing to participate)
