

April 2020 Meeting Agenda

This meeting we will be having a little differently. Due to the Corona Virus outbreak, we are making a temporary change to the way we are going to “host” this meeting. We are not able to have the meeting in person and financially we have not found an online meeting platform that suits our needs with out having to pay for an entire year. We will be video taping the meeting and uploading it to youtube. It will be a private link, which means you will have to have the link to be able to see the video. We are trying to get the video done this weekend, the 21st or 22nd. It will be left up for everyone to ask questions about what we talk about in the video. We will also be mailing out the invoices, a copy of the upcoming budget, and the link to access the video. If for some reason after you get the letter in the mail, if you can't access the video, please email me rc34hoa@outlook.com. Please do not send messages on next door asking for the link. Because this is the budget meeting, we are not making the link public and we have no intentions of putting the link out publicly on the website or next door. So please do not post the link publicly. If someone asks for the link, please tell them to email me and I will send it to them. Below are most of the topics that will be discussed in the video/meeting.

We are trying to find a solution to a problem that we never expected to have with hosting the meeting. If you have any issues with this, please feel free to reach out to me and we can talk about it.

Krysten Lerchbacker
Secretary
rc34hoa@outlook.com

Budget
Section 4 update
Acc update (mowing)
Open positions coming up in October
up coming events
change of meeting location
