

## Mister Blue

By Kevin McWha Steele ©2011

When you wake up in the morning  
Not sure exactly where you've been  
You're a time travelin' wonder  
Not sure how and not sure when

### Chorus

Mister Blue x 2

Mister Blue x 2

Never wanted special wishes  
Didn't need a big device  
It just happened on one morning  
Several years flew by your eyes

### Chorus

Mister Blue x 2

Mister Blue x 2

### Bridge

But you will glide on the stars tonight  
And hold a sweet, sweet love until the morning light  
Another sweet, sweet love is gonna make it alright all day  
Trip in time to your dreams all day  
And fall, fall, fall in a lover's kiss along the way

Slippin' off your jumper suit  
You got tired of the ride  
Just want to see the same baby  
Wanna have yourself a bride

### Chorus

Mister Blue x 2

Mister Blue x 2

Finally found yourself a woman  
Thought you'd found the perfect wife  
But she left you up on cloud 9  
To pursue a better life

Chorus

Mister Blue x 2

Mister Blue x 2

Chorus

Mister Blue x 2

Mister Blue x 2
